DIO AND HOFFA LINK REVEALED

Wiretap Is Introduced

Just One Of Series, Probers Tell Teamsters' Bigshot

WASHINGTON (AP)—The Senate's rackets probers sprang the recording of a wiretap telephone call on teamster bigshot James R. Hoffa Wednesday, and told him it was just one of a series to link him with racketeer Johnny Dio.

Counsel Robert F. Kennedy of the investigating committee contended the recording contradicted what Hoffa had said previously — that he had not interceded with President Dave Beck of the teamsters union to get Dio a place in the teamsters.

Johnny Dio

Hoffa, a durable and contentious witness, disagreed. "I don't think I have changed my story," he insisted.

The recording was made by New York police in 1953. It had Dio in New York and Hoffa in Detroit discussing the progress of Dio's efforts to organize New York cab drivers into Local 102 of the old AFL-United Auto Workers.

Converse By Phone

The organizing drive apparently had hit a snag, and the telephone conversation continued:

"Dio: So, now, what do you suggest?"

"Hoffa: Well, John, I better get hold of Dave Beck."

"Dio: Uh-huh."

"Hoffa: Dave will be in Seattle tomorrow; I'll call Dave and I'll get New York something in New York state now."

After this somewhat cryptic promise, the first recording closed with Dio and Hoffa making arrangements to meet in Washington in a few days, early in February, 1953.

The hearings recessed for the day with Hoffa contending the wiretap did not conflict with his prior testimony, to the effect that he wasn't actually working to get Dio into the teamsters, and with Sen. Kennedy (D-Mass) telling him:

"Not The First"

"It would not be of great importance if it were not the first of a series of curious inter-relationships between you and Mr. Dio, which are going to be described in evidence tomorrow."

The committee has been contending for weeks that Hoffa, the heir-apparent to the presidency of the teamsters, conspired over the years with Dio and other New York racketeers to bulwark his strength in the East. Hoffa is now the teamster chief in the midwest.

The committee has accused Dio of setting up phony teamster locals in New York and wielding them in a way to enhance Hoff's power.

Hoffa sat in stony silence as Wednesday's lone recording was played, spaced with shrill beeps in place of what committee aides said was profanity on the part of both Dio and Hoffa.

That was his voice, all right, Hoffa said.

"Why were you going to intercede with Dave Beck?" counsel Kennedy demanded.

"I don't see anything unusual in trying to settle matters," Hoffa told him. " . . . I don't see anything too far wrong in it."

Under further prodding, Hoffa said he could have been interested in getting Dio into the teamsters, if that was necessary to clear up the New York taxi situation.

Before the recording was played, he said that he had urged on Beck that the UAW-AFL be brought "under the banner of the teamsters union" but that this didn't mean enrolling Dio.

Another Fellow

Hoffa said he didn't think Dio was an official, that he thought the taxi union was headed by "a fellow named Norton."

"I did not request that the president issue a charter to Dio," he said. "I requested that it be issued to the officers of the organization of cab drivers.

"Beck made it plain that Dio couldn't come in."

Hoffa said he first met Dio at an AFL convention in New York about November, 1952, and was introduced to him by Anthony Doria, a UAW-AFL official.

He said that in the following February he arranged a meeting in Miami for himself, Beck and Dio to discuss the taxi situation and it was then that Beck decided not to have dealings with Dio.

Dio is now awaiting sentencing after conviction of extorting money from two firms in New York. He refused to tell the committee anything when he was on the stand, pleading the Fifth Amendment 140 times. Beck also refused to testify to committee charges he misused hundreds of thousands of dollars of teamster funds.

Before getting around to the telephone recording, the committee put in evidence that $150,000 of teamster money was paid to a midwest mobster for his home, and that Hoffa helped a Philadelphia hoodlum get a union charter. Hoffa vigorously protested on both counts.

HOFFA, KENNEDY CHAT

James R. Hoffa, (right) Midwest boss of the Teamsters Union, talks with Robert Kennedy, counsel for the Senate Rackets Investigating Committee, in Washington before taking the witness stand for more questioning about his financial affairs. Most of the questions are being asked by Kennedy. (AP Wirephoto)

—$100,000 MISSING FROM MEDICAL CLINIC—

Cops Nab Mom, Daughter

TULSA, Okla. (AP) — A mother and daughter wanted in Atlanta, Ga., since $100,000 was found to be missing from a medical clinic where the mother worked, were apprehended here Wednesday.

D. A. Bryce, special agent in charge of the FBI in Oklahoma, announced the arrests of Mrs. Margaret Lydia Burton, 51, and her daughter, Sheila Joy Burton, 20.

Mrs. Burton was taken into custody at a doctor's office and the younger woman at a residence.

They were arraigned before U.S. Commissioner E. Lawton Bragg, who set at $30,000 the mother's bond on a charge of transporting interstate property valued at more than $100,000. Bail of $10,000 was set for the daughter, charged with conspiracy to assist her mother in the act.

Bryce said three valuable dogs, one a champion, were recovered at Sheila's home. They were not immediately identified.

The mother, according to Bryce, was charged July 31 in Atlanta and the daughter on Aug. 13.

They had been widely sought since Mrs. Burton, known also as Mrs. Janet R. Gray, vanished following discovery of the $100,000 shortage on the clinic's books. She had been bookkeeper and office manager for the doctors.

Mother and daughter reportedly lived lavishly there, maintaining an expensive home and several automobiles.

The FBI subsequently disclosed Mrs. Burton, China-born and a British subject, had a police record dating back 18 years and had been known by 22 different names. She had run afoul of the law in Honolulu, the Panama Canal Zone and Canada, as well as in Texas, Louisiana and Virginia.

Tulsa police were notified Monday by the FBI that Mrs. Burton and her daughter were believed living here and asked local officers to watch for them.

The FBI refused to say how the women's presence here was known but police sources were quoted as saying it was a tip from Atlanta.

With 30 Dogs

Mrs. Burton and her daughter left the Atlanta area three weeks ago with some 30 dogs. The FBI said all but three had been accounted for.

The three cocker spaniels reported recovered Wednesday in Tulsa were believed to be Rise and Shine, who won best-in-show at the Westminster dow show in Madison Square Garden in New York in 1954, Piccolo Pete and Capital Gain.

Mrs. Burton departed suddenly from suburban Decatur after working nearly three years in a medical clinic. The FBI said she left in a pink, air-conditioned car, accompanied by a station wagon and a moving van with the dogs.

The pink car was found abandoned at Greenville, S.C. The FBI said a person who accompanied Mrs. Burton brought five dogs back to Atlanta. Two others died from heat while traveling and 20 turned up at kennels at Rocky Hill, Conn.

At Rocky Hill, dog trainer Theodore W. Young Jr., 29, was arrested on an FBI charge that he met the woman at Greensboro, N.C., obtained the 20 dogs and took them to Connecticut.

—Two-Year Test Ban—

Soviets Oppose Arms Proposal

Against New West Plan Because Of Conditions

LONDON (AP)—Russia said Wednesday it opposes the West's new compromise proposal for a two-year ban on nuclear weapons tests as long as it remains hedged by conditions.

But Soviet delegate Valerin Zorin left an opening for a change of mind in the five-power subcommittee of the U. N. Disarmament Commission.

The conditional Western offer was outlined at the 149th meeting of the disarmament group. Zorin promised careful study and indicated he would need several clarifications.

The Western compromise offer, advanced as part of a limited East-West disarmament pact, contains too many unacceptable conditions, Zorin said.

In Washington President Eisenhower described the two-stage tests moratorium proposal as a "major step toward reaching a sound and safeguarded first-step arms control agreement."

'Serious Endeavor'

Harold E. Stassen, the U.S. delegate, termed the Western proposal "a serious endeavor to move toward agreement with the Soviet Union." Stassen said he hoped it would be a major move that might narrow the East-West gap.

The compromise was laid before the subcommittee after Zorin concluded a 3,500-word statement attacking Western powers with accusations they were blocking agreements by numerous delays. He asserted that if the West dropped its conditions, an agreement on a tests moratorium could be reached within a few days.

★ ★ ★

Ike OKs Switch In U.S. Stand

WASHINGTON (AP) — The United States, in a gesture of concession to Russia, agreed conditionally Wednesday to accept a two-year suspension of nuclear weapons tests provided Russia agrees to a permanent cutoff of atomic weapons production.

President Eisenhower authorized this "significant change" in United States disarmament policy and personally announced it immediately after it was presented to Russia at the disarmament talks in London. Previously, the United States had insisted on a 10-months limit on suspending tests.

The White House clearly wanted the concession to make a maximum impact on world opinion.

How much impact the new move will make on the London negotiations is momentarily uncertain but a Russian attack on the overall Western position in Wednesday's disarmament meeting indicated that the negotiations were still tightly deadlocked.

No Link

Soviet representative Valerian Zorin told the Western negotiators that if the United States and its allies intend seriously to end atomic and hydrogen weapons tests they must renounce any link between that issue and "other aspects of the disarmament question."

In sharp contrast with this reemphasis of the standard Moscow position, Eisenhower's statement declared that American acceptance of a two-year test suspension is specifically conditioned on Soviet acceptance of "a permanent cessation of production of fissionable materials for weapons purposes and installation of inspection systems to insure performance."

The White House statement said that Canada, France and Britain had joined in presenting the two-year proposal It called the proposal "a major step toward reaching a sound and safeguarding first-step arms control agreement."

Reductions

The President said he "sincerely" hopes that Russia will now agree to Western disarmament proposals, which also call for reductions in conventional armaments and cuts in the size of military forces. He declared that until the first-step agreement becomes effective the United States will continue to conduct "such nuclear testing as our security requires."

U.S. officials estimated that even if full agreement in principle on all disarmament questions were reached in London immediately it would still take a year to work out a treaty, bring many other nations into it and get it ratified by the U.S. Senate and other parliamentary bodies. Thus under the best possible conditions, which actually are not in sight now, a test suspension could not become effective before the fall of 1958.

New License Law's Effect Noted—

Correspondence School Halts Selling In State

By BETTY PERSON
Star Staff Writer

One correspondence school located in Nebraska has stopped soliciting students in the state since the passage of a bill in the last Legislature which requires such schools to be licensed by the State Department of Education.

State Commissioner of Education Freeman B. Decker also said Wednesday that one national association, representing several correspondence schools outside Nebraska, had written him with a "thinly-veiled threat" of a suit to test the constitutionality of the bill.

"We would welcome a suit," Decker commented, "to give us an opportunity to point out to Nebraskans some of the dozens of complaints we have received from persons who have been victimized."

Sponsored by the State Board of Education, and introduced by the Legislature's Education Committee, LB 349 requires that each privately-owned correspondence school located in Nebraska, or those located outside the state but selling or soliciting in Nebraska, must be licensed by the State Department of Education.

Initial Cost $25

The initial license costs $25, is in effect for the calendar year in which it is issued, and is renewable each year at $10. A $1,500 surety bond is required to provide indemnification to any student suffering loss as a result of any fraud or misrepresentation used in procuring his enrollment.

Decker said the out-of-state agency has complained that the department is attempting to regulate schools outside the state, and contends that only the Federal Trade Commission has authority over them.

"We do not in any way attempt to regulate schools," the education commissioner stated, "only the salesmen representing the schools who are working in the state. The law is clear in this regard."

Not Recommended

Decker said that a license "does not necessarily mean that a school is recommended by this department or anyone else, but it does mean its salesman is bonded to protect students from misrepresentation."

Twenty-six applications have been received, he stated, and the licenses, just received from the printers this week, will be issued Sept. 1.

In addition to the 26 formal applications, Decker said there have been many inquiries.

Decker said his office had received "many favorable comments from reputable schools who feel that this law not only protects individuals, but also the reputable schools."

Decker urged that persons contact the State Department of Education to check on such schools before signing for an education course, or at least ask to see the representative's license issued by the Department.

—Cost-Of-Living—

21 City Library Workers Get Pay Increase

Twenty-one non-professional workers of the City Library have been granted a $7.50 monthly cost-of-living wage increase by a vote of the City Library Board.

The wage hike, termed "in accordance with general community-wide and national cost-of-living increases," is the same amount previously announced for all other city employes beginning with the new fiscal year, Sept. 1.

The cost-of-living hike is in addition to other annual increases and will cost about $2,000 annually, to come out of the 1957-58 library budget of approximately $215,000.

The increase was approved by a special budget committee meeting. All City Library board members were polled.

Non-professional library staff members are those without professional degrees in library science.

Child, 2, Rescued

Tot Tumbles Into 17-Foot Well

BIG RIVER, Sask. (AP) — A 2-year-old boy was rescued from the bottom of a 17-foot well test hole Wednesday night after being trapped five hours.

His condition was not determined immediately, although earlier reports indicated he was uninjured.

The child, Kim Smith of Saskatoon, fell feet-first into the well.

About 100 volunteers with shovels and two digging machines made an excavation parallel to the well and then tunnelled through horizontally to the child's position.

The child, whose full first name is Kimdale, spent about five hours in the 12-inch wide hole, wailing to rescuers toward the end after not crying at first. While oxygen was piped into the hole, his mother, Mrs. Fred Smith, kept up a conversation with him.

The test hole was dug preparatory to digging a well on the farm of the boy's grandmother.

When Kim was discovered in the hole early Wednesday night police were notified. They drove up and down the streets of this small northern Saskatchewan town with sirens screaming to attract persons to help in the digging.

The volunteers and two digging machines took about 4½ hours to make an excavation paralleling the well before tunneling across to the youngster. Hard clay soil prevented dirt falls.

Airfreighter Spins ½ Hour After Landing

LOS ANGELES (AP)—A heavily loaded airfreighter spun like a top on the ground for half an hour Wednesday in a freak takeoff accident at International Airport.

Mike Moore, 39, captain of the four-engine American Airlines DC6, said the plane had just left the ground when one of the inboard propellers tore off with an explosion-like sound. The propeller ripped into the fuselage and one blade came out the other side and sheared off the tip of the other inboard engine.

The plane set down safely, but one of the outside engines kept running after the landing, causing the plane to spin. As it did a wheel dug a foot-deep circular furrow into the ground beside the runway.

Caught Fire

The engine hit by the propeller blade eventually caught fire, but the flames did not spread.

Capt. Moore, of San Carlos, Calif., said it was impossible to stop the runaway engine because the controls had been cut by the flying propeller.

Moore and his two crewmen, First Officer Mack Haines, 32, of Sunnyvale, Calif., and Flight Engineer I. B. Smithson, 35, of San Mateo, Calif., stayed with the spinning ship about 25 minutes. Then they slid to the ground on a rope dropped through the escape hatch. None was injured.

The plane was to have flown to San Francisco.

2,000 Exhibits Expected At County Fair Monday

By AL HOLBERT
Star Staff Writer

Over 2,000 exhibits are expected in the 1957 Lancaster County 4-H Club Fair when it opens at the 4-H Club Building at the Fairgrounds Monday Aug. 26, according to County Extension Agent, Cyril Bish.

The event officially starts at 1 p.m., but club members will be scrambled all Monday morning to have their exhibits ready for the ribbon competition.

Because of more rain, better pastures and improved feeding conditions this year, Bish reported that not only the quantity but the overall quality of exhibits in the livestock and agriculture should be much improved over recent years.

In the last 10 years, the number of exhibits has increased by 1,500. Frances Runty, home extension agent in charge of home economics displays commented: "It appears that each county fair promotes more interest in 4-H Club work. As a result of this interest, a number of new clubs are organized after every fair."

After four days of contests, showings and demonstrations, the event closes with a Thursday night presentation program in co-operation with the Lincoln Junior Chamber of Commerce. Ribbon winners will be announced, and after the showmanship finals and a dress revue, winners of the coveted purple ribbons will parade.

Livestock judges assigned from outside the county include Sen. Willard Waldo of Dewitt, beef animals; Robert Kohler of Fremont dairy animals; and Kenneth Johnson of Boys Town, swine and sheep.

In the home economics division, Mrs. Opalle Stohlman of Lincoln, Mrs. Elizabeth Reed of McCool Junction and Mrs. Mona Nolte, of Nehawka will judge clothing entries.

Mrs. Matilda Peters of Lincoln will judge food exhibits, and Mrs. Louise Free also of Lincoln will make the home living awards. Mrs. Angline Camp of Lincoln and Mrs. Free will pick winners in the home economics demonstrations.

All entries in the livestock and agriculture division will remain at the fairgrounds for the State Fair, but due to space limitations only the top winners in home economics will enter the state competition.

County Fair activities at the Fairgrounds:

Monday, Aug. 26

Entry day for Home Economics Projects ..... 1:00-4:00 p.m.

Tuesday, Aug. 27

Judging of all Home Economics Entries.
Agricultural Demonstrations. ..... 8:00a.m.

Wednesday, Aug. 28

Judging Dress Revue Costumes ..... 8:00 a.m.-12:00 noon
Poultry & Rabbit Show 9:00 a.m.-10:00 a.m.
Judge Garden and Engineering ..... 9:00 a.m.-10:00 a.m.
Tractor Operators Contest 9:00 a.m.-12 noon
Grass and Weed Identification Contest ..... 10:00 a.m.-12:00 noon
Dairy Show ..... 1:00 p.m.-4:00 p.m.
Judging Skirt and Blouse 1:30 p.m.-3:30 p.m

Thursday, Aug. 29

4-H Demonstrations in Home Economics ..... 8:30 a.m.-all day
Swine Show ..... 8:00 a.m.-10:00 a.m.
Sheep Show ..... 10:00 a.m.-12:00 noon
Baby Beef Show ..... 12:30 p.m.-4:00 p.m.
Horse Show ..... 9:00 a.m.-11:00 a.m.
All 4-H Show ..... 8:00 p.m.

Gage Arrests Lincolnite In 'Blue Sky' Case

Lincoln Star Special

BEATRICE, Neb. —A J. Keith Walker, who gave his position as president of the Wyoming Oil Co. and the firm's office address as 116 So. 15th in Lincoln, was arrested Wednesday for an alleged violation of Nebraska's 'Blue Sky' laws, Gage County Attorney William Rist reported.

Rist said the man was arrested in Lincoln at the request of Gage County officials. The charge deals with the selling of interest in oil leases, Rist said.

Walker was released on $1,000 bond. Preliminary hearing has been set in Beatrice at 1:30 p.m. Friday, Rist said. Rist added that much of the prosecution's case will be handled by Leslie Boswell, special assistant attorney general attached to the Nebraska Dept. of Banking.

40 Return

BELGRADE (AP) -- Forty Hungarian refugees left Yugoslavia to return to their homeland. There were 22 adults plus 18 minors who said they wanted to return to their parents in Hungary.

Of nearly 20,000 Hungarians who sought refuge in Yugoslavia, about 2,600 have gone back.

Levies In Lancaster Are Varied

By DEL HARDING
Star Staff Writer

Four 1957 Lancaster County village levies are higher, four lower and five the same as compared with 1956, according to figures released Wednesday afternoon by County Clerk J. B. Morgan.

The increases ranged from 2.82 mills at Firth to .02 of a mill at Raymond. Decreases ranged from 4 mills at Hickman to .10 at Malcolm.

The total amount expected to be raised in the 13 villages this year is $34,755.74 as compared with $35,025.48 last year. The total valuation of the villages this year is $2,298,290 as compared with $2,265,868 in 1956.

Decreases

Five villages — Denton, Hickman, Panama, Raymond and Sprague — showed valuation decreases of about $2,000 each. The valuation of the other eight villages showed increases, with Malcolm leading the way with a gain of about $7,965.

The 1957 levies and amounts to be raised by taxation, with comparable 1956 figures shown in parenthesis:

Village	Mill Levy	Amount To Be Raised
Bennet	15.44 (15.41)	$3,778.02 ($3,750.32)
Davey	16.60 (16.60)	$1,335.66 ($1,455.82)
Denton	8.00 (8.00)	$ 749.84 ($ 764.07)
Firth	20.27 (17.45)	$4,499.52 ($3,799.91)
Hallam	25.00 (25.00)	$4,614.75 ($4,491.00)
Hickman	12.00 (16.00)	$3,500.04 ($4,704.04)
Malcolm	6.50 (6.60)	$ 649.42 ($ 614.20)
Panama	18.20 (20.76)	$2,510.94 ($2,893.50)
Raymond	8.64 (8.62)	$1,060.36 ($1,079.18)
Roca	19.00 (19.00)	$1,412.74 ($1,286.11)
Sprague	3.58 (7.00)	$ 300.20 ($ 601.62)
Waverly	20.00 (19.00)	$7,792.80 ($7,301.13)
West Lincoln	9.00 (9.00)	$2,351.21 ($2,282.34)

Overton Man Dies In Crash

ELM CREEK, Neb. (AP) — Ben Worthing, 72, former Overton, Neb., Postmaster, was killed Wednesday in the collision of a car driven by John Weaver, Elm Creek, Neb., and one driven by Mrs. Normal Earll, Smithfield, Neb., at a county road intersection about five miles northwest of Elm Creek.

The death was the 173rd in Nebraska traffic accidents this year compared to 183 on Aug. 21 of last year.

Warmer Readings Seen Thursday

Warmer temperatures were predicted for eastern Nebraska Thursday and scattered thundershowers were forecast for the southwest.

A light shower was reported at Scottsbluff Wednesday evening.

High readings Wednesday ranged from 79 at Omaha and Norfolk to 89 at Imperial, with Lincoln reporting 83. Thursday's highs were expected to be 85 to 95.

The Weather

NEBRASKA: Partly cloudy Thursday and Thursday night; scattered thunderstorms southwest Thursday and west and central Thursday night; warmer east Thursday; highs Thursday 85-95.

KANSAS: Generally fair south, partly cloudy north with widely scattered afternoon and evening thunderstorms northwest Thursday; little warmer northeast Thursday; highs Thursday 90 extreme north to upper 90's central and southwest.

Iowan Killed

CAMERON, Mo. (AP) — Albert Schafer, 67, Charles City, Iowa, was killed and two members of his family were hurt in a two-car collision 15 miles south of here on Highway 69.

BOND ISSUE MEANS OFFICIALS MUST WRITE NAMES 881 TIMES

A group of city, county and state governmental officials are in for a case of "writer's cramp" this week end when bonds for the city's $881,000 special assessment issue are due to arrive.

State auditor, county clerk and mayor are expected to sign personally the 881 bonds being shipped in from New York City.

Then Theo Berg, city finance director, will take the bonds to Chicago before placing his signature on them, which will make them negotiable.

Berg explains that it is less expensive to bring the bonds to Lincoln for signatures than to pay for a trip east for all required signers.

Mayor Martin also announced that plans are being pushed forward to get specifications and rating on the proposed $2.5 million sanitary sewer bond issue to be handled by First Trust Company.

The mayor said material for the bond prospectus and bids on the issue should be rushed to that bids on the actual construction can be awarded.

Today's Chuckle

The nursery rhyme has been modernized: One for the money, two for the show, three to get ready, four to go, and $5 for the baby sitter.

Ike Disappointed; Raps Congress

Program Still Lags

WASHINGTON (AP) — President Eisenhower said Wednesday he is "tremendously disappointed" over Congress' balking at his program. And he declared those Republicans who voted with Democrats against his proposals must share the blame.

Eisenhower gave his verdict on the soon-to-adjourn session of the democratic-controlled Congress at a news conference in which he also:

1. Announced his support for a revamped version of the civil rights bill along the lines of a compromise drafted by House Republican leaders.

2. Said the whole free world must watch carefully the Communist move to seize control in Syria. He said "we must not get into a position that would be intolerable for us." But he ruled out — for the present, at least— any U.S. intervention in the Syrian situation.

Special Session In Doubt

The president said he won't call Congress back into a special session unless it is absolutely necessary to provide more foreign aid funds in the light of the developing world situation.

Throughout Wednesday's meeting with newsmen Eisenhower rejected any idea that he's peeved because his "pet" projects — as he put it — have been turned down or curtailed one after another by Congress.

He said the program he submitted was a Republican program aimed at meeting the best interests of the country as a whole. And nobody, he asserted, has come up with a better program to date.

Does he regret running for a second term as President?

Meditatively, Eisenhower said no — if by regret you mean "you should be sorry for yourself for doing what at least you thought at the time to be your duty."

Still Plans On Vacation

Eisenhower indicated he still plans a vacation at Newport, R. I., if Congress quits in the next 10 days and if Mrs. Eisenhower is "completely checked out" by her doctors by that time.The first lady underwent a hysterectomy 15 days ago and still is in Walter Reed army hospital.

On other matters, the president told newsmen:

1. He thtinks the 61 American students who have gone to Red China in defiance of State Department regulations were badly advised and are doing a disservice to their country.

2. He plans to take a shot of vaccine against Asiatic flu "just as soon as ordinary people like I am can get it."

3. He has referred to his economics experts a proposal by United Auto Workers President Walter Ruether that, to combat inflation, car manufacturers cut prices of 1958 models.

New Irrigating Device Observed

Members of the third annual irrigation tour of Lancaster County see in action a trailer-mounted irrigation sprinkler on the Norman Swanson farm, two miles east of Waverly. The Swanson farm was one of several visited during the excursion. (Star Photo.)

Irrigation Trip Sees Sprinkler Set On Trailer

Lincoln Star Special

WAVERLY, Neb. — During the third annual irrigation tour of Lancaster County Wednesday a new type of sprinkler irrigation system known as the trailer-mounted sprinkler was observed at Norman Swanson Farm, two miles east of Waverly.

The system, which Swanson has had since Aug. 5, is designed to save labor and lessen damage to corn since it carries its own pipe. As the sprinkler moves through the corn away from the pump, pipe is taken off the machine and connected. As the machine comes back, pipe is disconnected and placed on the trailer again.

Another advantage of the tractor-drawn sprinkler is that there is less run off at the ends of the rows than there is with gravity irrigation.

The machine distributes 1-3 inch of water per hour over a 180 foot radius, and can be adjusted to the moisture intake of the soil.

One disadvantage cited by Swanson was that the device will mash down one out of 25 rows of corn as it moves. However, he added, this could be remedied by planting every 25th row in a low-growing crop such as soybeans.

Other visits on the tour included a stop at the Ed Bley farm two miles southeast of Waverly where the group saw soybeans under sprinkler irrigation.

An irrigated sorghum plot was seen at the Charles Tyrrell farm one mile north of Waverly, and Paul Fishback, agricultural extension engineer, discussed general irrigation problems.

Iowa-Nebraska Dispute On Interstate To Be Reviewed

WASHINGTON (AP) — The Federal Highway Administrator says a disputed routing of a proposed interstate highway through Iowa into Nebraska will be reviewed most carefully.

Administrator B. D. Tallamy made comment in a letter written Tuesday to Gov. Vic Anderson of Nebraska.

"The problem, as I see it," Tallamy said, "reduces itself to one of priorities of construction in Iowa, and I assure you, we will review this problem most carefully as we proceed with the review of problems by the state of Iowa for the construction of their portions of the interstate system in this area."

A delegation from Omaha and Council Bluffs, Ia., met earlier this week with Tallamy to discuss the situation.

Routing Approved Earlier

Sen. Hruska (R-Neb), who received a copy of the letter to Gov. Anderson, also got from Tallamy a copy of a Dec. 31 letter which approved both a routing from Neola to Loveland and a diagonal from Neola to the Council Bluffs-Omaha area.

Hruska said Tallamy at another meeting Wednesday assured him that a "hold order" had been placed on any further action involving the proposals until a thorough study had been made.

Hruska said he was hopeful that some procedure could be worked out satisfactorily.

To Get Iowa Views

The Iowa Highway Commission undoubtedly will be asked to submit its views and plans in connection with the routings later before any final decision is made, he added.

The original routing of the proposed interstate highway was from Des Moines to the Council Bluffs-Omaha area paralleling Route 6 and connecting with the Nebraska interstate road there.

Under the new routing from Des Moines to Neola and Loveland the road ends at a point 10 miles north of the proposed east-west Nebraska system.

Delegations from Council Bluffs and Omaha contend the diagonal from Neola to their area should have first priority over the east west segment from Neola to Loveland.

Vic Hasn't Got Letter As Yet

Gov. Anderson said in Lincoln Wednesday night that he had not yet received Tallamy's letter, but commented that he had written to the federal highway administrator on the matter when he knew the Omaha-Council Bluffs delegation was going to Washington.

The governor said he told Tallamy that the location of the eastern connection of the interstate highway was very important to the people of Nebraska and the most direct route was desired.

Anderson said otherwise the people "might lose confidence in the purpose of the interstate which is to go the most direct route."

NAS Close 'Probable'

Ruling May Come Within A Month

The scales appeared Wednesday to tip in favor of the closing of the Lincoln Naval Air Station at the end of June, 1958, although no final decision has yet been reached, according to Washington sources.

An aide to Assistant Navy Secretary F. A. Bantz informed The Star that "as the situation appears now the station will probably be closed" at the end of the fiscal year June 30.

He said the final decision rests with the Chief of Naval Operations and the Bureau of Aeronautics and final work is expected within a month.

"The Navy is closing a number of stations," the secretary's office reported, "and Lincoln was the only station where all the civilians (there are 49) were mentioned in probable payroll cuits."

Capt. Bill A. Miles, who is in Washington discussing the future of the base with officials, reported to the station Wednesday that he had no definite information except budget figures for the current fiscal year.

Capt. Miles is expected to return to Lincoln Thursday.

County 4-H Song Contest Brings 6 Purple Ribbons

At the Lancaster County 4-H Song Contest Wednesday night six choral ensembles received purple ribbons and three were selected to represent the county in competition at the State Fair.

Over 200 4-H club members participated as 24 vocal groups sang before contest judge, Mrs. Jack Snider at Grace Methodist Church.

Purple ribbon winners include:

Girls large group division, the Busy Bee Club from Walton.

Girls small group division, Emerald Junior Homemakers, Lincoln-Juniorettes.

Mixed group division, 4-H Pixies of Lincoln.

Boys division, the Corral Club of Lincoln.

The Busy Bee Club, the Lincolnettes and the Corral Club will go on to State Fair Competition.

Over 1,000 Attend SAC Band Concert

More than 1,000 persons attended the Pinewood Bowl concert of the 35-piece Strategic Air Command Band from Offutt Air Force Base Wednesday night.

The appearance was the last of a series of features, sponsored by the Lincoln Singfest Association.

Numbers were also performed by Gill Haase, pantomimist, Jimmy Harris, instrumentalist and the Amorroccos, a singing quintet all from the Lincoln Air Force Base.

Senate Group Votes To Kill Billboard Rules

WASHINGTON (AP) — The Senate Public Works Committee Wednesday voted 7-6 to kill a bill to regulate billboards along the nation's new 41,000-mile superhighway system.

The vote climaxed a long fight in Congress to place some control over advertising signs along the interstate system of highways.

Conservationists, motorist organizations and outdoor groups supported the bill, introduced by Sen. Neuberger (D-Ore).

It was fought by the outdoor advertising industry and by many roadside businesses such as motels, hotels, restaurants and garages.

One source said the committee vote on the bill lined up this way:

For—Chairman Chavez (D-NM) and Sens. Gore (D-Tenn), Cotton (R-NH), Carroll (D-Colo), Francis Case (R-SD) and Neuberger.

Against — Sens. Kerr (D-Okla), Scott (D-NC), McNamara (D-Mich), Edward Martin (R-Pa), Hruska (R-Neb), Kuchel (R-Calif) and Revercomb (D-WVa).

Westmore Survives; Gulps Pills

Hollywood Expert Tries 'Suicide'

HOLLYWOOD (INS) — An aura of mystery lingered Wednesday over what police termed the apparent suicide attempt of famed Hollywood make-up man Perc Westmore, 54.

Westmore, eldest of the Hollywood clan of cosmetics experts that includes his brothers, Frank and Wally, was reported "out of danger" in a private sanitarium after assertedly swallowing a handful of sleeping pills.

Police said they were summoned to Westmore's luxurious home high in the Hollywood Hills by Westmore's fifth wife, the former Lola Mamie Carroll.

'About 17'

Mrs. Westmore assertedly told officers her husband swallowed "about 17" pills and then collapsed.

Westmore was first taken to Hollywood Receiving Hospital for treatment.

Mrs. Westmore said her husband had been despondent for several days, "but I don't know why."

Westmore, head of the "House of Westmore" beauty salon and for many years make-up department chief at Warner Brothers Studio suffered a heart attack six years ago.

Bulldozer Said Victim Of Arson Near Davey

A belated arson report was received Wednesday by the Lancaster County Sheriff's Office. Klapal Construction Co. officials reported a bulldozer owned by the company was set afire July 31 while it was parked 1¼ miles southwest of Davey, Neb. Damage was estimated at $216.80.

Maj. Simons Backs Space Weather Eye

MINNEAPOLIS (AP) — One observatory floating in outer space could predict weather with greater accuracy than the present scores of stations on the ground, Major David G. Simons said Wednesday night.

"With proper radio failities, I believe a forecaster 19 miles up could predict the weather for half the nation," said the Air Force biologist who rode the gondola of a plastic balloon to that record altitude.

Simons told a press conference that it should be feasible to loft a gondola weighing not more than 100 pounds to 150,000 feet and that the man-sized capsule possibly could be taken to 120,000.

Unofficial figures put Simons altitude at 102,000 feet in the flight which ended near Ellendale, N. D. late Tuesday. He said he saw several thunderstorms that weren't visible to his ground-tracking party.

Proposal Hailed

The major hailed the proposal that a gondola carrying four or five men might be sent up.

"That would be duck soup compared to my lonely flight," Simns said. "A couple of men could be working on keeping all alive, on survival, while others conducted experiments and watched the many instruments. As it was, I was doing all that alone."

Asked if he felt close to God, the major replied: "This is God—the privilege of being able to contribute to the progress of man."

Col. John P. Stapp, planning officer for the project "Man High," told newsmen that Simons showed remarkable endurance and stamina in his 32 hours in the upper 100th of the earth's atmosphere.

Illegal

ST. LOUIS (AP)—The suburban village of Charlack is taking no chances. Its board of trustees made it illegal to throw snowballs.

BOSTON NEWSPAPERS STRIKE SHOWS NO SIGN OF BREAKING

. . . MAILERS UNION STRONGLY BACKED BY ITU

BOSTON (AP) — A union spokesman said Wednesday night the Boston newspaper mailers' strike which has tied up operations of six Boston papers 12 days will go on indefinitely as far as the local union and the international are concerned.

Joseph Bailey, a vice president of the International Typographical Union, said after a meeting of the mailers:

"We are willing to meet the publishers any time they are willing to meet us."

The meeting was attended by most of the 300 members of the mailers union, affiliated with the ITU.

The session adopted a resolution —130 to 7—commending and endorsing the union's scale committee for its judgment and good unionism in not calling a special meeting to act on what it described as a totally inadequate offer by the publishers last Saturday.

Final Offer

The publishers had made what they said was their final offer—a $10.50 increase spread over about a 15 month period.

The resolution also said there is presently a difference of $35 a week between the highest newspaper printing trades scale in Boston and the rate paid to mailers employed by Boston newspapers.

"Boston mailers have received the smallest total increases of any printing trades union in this city over the past 20-year period, in spite of having the lowest wage rate," the resolution added.

Atty. Eugene Barnes, representing the newspaper publishers, had stated the publishers' willingness to meet with union, mediators or anyone else. But he emphasized the publishers had made their last offer. Bailey, who contacted the newspapers about a meeting, said none was arranged. He said the mailers' union's attitude was unchanged.

Pres. John H. Thompson of the Newspaper Guild of Boston said the Guild was "resentful of the fact that men who are employed under contracts which make no provision for layoffs . . . were in effect discharged without notice." He said the layoffs were morally a lockout.

Detroit Truce Sought

DETROIT (AP)—Publishers of Detroit's three idled newspapers and two unions involved in a labor dispute indicated willingness Tuesday to talk over their differences with an outside third party.

But there was no agreement on the form such truce talks would take, who the outside third party would be or when negotiations might begin.

A committee representing key unions connected with the Detroit News, the Detroit Free Press and the Detroit Times met with officials of the Detroit Newspapers Publishers Assn. Wednesday night.

The union representatives submitted a proposal calling for an immediate resumption of publishing by the three dailies. The plan called for arbitration to rule on the discharge of 67 mailers by the News, with the union committee having a voice in naming the arbitrator.

Under the proposal, the Times would employ 33 of the discharged News mailers while the issue is in arbitration and the Free Press would take on 34. Mailers from the Free Press and Times would work at the News until a settlement is reached.

The publishers' group gave no immediate answer to the plan. They will meet again with the union committee Thursday morning.

OMAHA FIGHTS IVY LEAGUE PANTS WOES

OMAHA (AP) — Thanks to a complaint from school officials, Ivy league pants buckles are losing their bite.

A perennial problem, Supt. Harry Burke said Wednesday, are the belt buckles or other hard-surfaced accessories on clothing scratching school furniture.

"Serious damage to chairs is incurred by the big-toothed, protrucing buckles on the back of ivy league pants," said Burke.

As an outcome of the meetings between school officials and the Associated Retailers of Omaha manufacturers were requested to take steps.

The result is that on most of the pants sold in Associated Retailer stores the amount of metal in the buckles is reduced, more fabric is laced through the buckle, there are no more teeth and metal clasps are rounded.

Ralph Park, assistant superintendent in charge of operation and maintenance for the Lincoln public Schools, said that no damage has been noted in the Lincoln schools from the pants buckles.

Iowa Guard Jet Bellys-In At Camp

CASPER, Wyo. (AP)—An Iowa National Guard training plane made a belly landing Wednesday at Natrona County Airport where the Iowa-Nebraska Air Guard is undergoing two weeks summer training, but neither officer aboard was injured.

Pilots and mechanics of the Nebraska unit Wednesday heard a six man indoctrination team from North American Aviation explain the workings of the North American F-86D Sabre Jet. The Nebraska Air Guard is one of the few guard units in the country using this air craft.

Hornet Stings Blamed For Fatal Heart Attack

OMAHA (AP) — John W. Nelson, 80, Omaha, died of a heart attack after suffering several hornet stings while trimming a hedge at his home. Police said that because of Nelson's age and heart condition the hornet stings may have contributed to his death.

Reds Sentence Priest

PRAGUE (INS) — A regional court in Communist Czechoslovakia sentenced a Catholic priest to nine years in prison on charges of anti-state activities. He is the Rev. Vaclac Filipec.

'SACRED' ROME LAUNCHES WAR ON SCANTILY-DRESSED TOURISTS

ROME (AP) — Rome police Wednesday launched a polite war on scantily dressed foreign tourists. Officers said shorts and sleeveless blouses conflict with the "sacred character" of Rome.

When tourists object to wearing proper clothing, police have been instructed to send their names to their embassies, which have been asked to co-operate.

The police order is based on a concordat between Italy and the Vatican. The concordat says the Italian government must protect the "sacred character" of Rome because of its associations with the Roman Catholic Church.

Most churches in Rome refuse admission to persons sporting bare legs and bare arms. But shorts and blouses or shirts are common sights downtown during the summer tourist season. Rome has been having a heat wave.

These Interpretations

When Lady Macbeth paced the flagstone floor of her castle chamber and quoth "Out, out damned spot!" she undoubtedly was not thinking of that no-grant-in-aid resolution by the 1957 Nebraska legislature. But she bequeathed to this sovereign state a good point of reference.

Up to now that resolution is scoring zero in its flights toward the intended mark. Its back wash on the other hand has been painful in more than one way.

Loser in his efforts to gain appropriations for the Ainsworth and Farwell irrigation projects before a congressional committee, Rep. A. L. Miller of the state's Fourth district lays his defeat to what he terms a misinterpretation of the Nebraska resolution by a number of his congressional colleagues. They professed to believe that the best way to accommodate a state that disfavors grants-in-aid is to refrain from making grants.

But Rep. Miller cannot give them a compelling answer by noting that Nebraska accepted $56,237,891 in grants as a part of the total federal state aid appropriation to states during the year ending June 30, 1956, amounting in all to $5,152,133,647. That does not say that Nebraska is disposed against grants. It only says that Nebraska lined up like every other state to get its share.

There is just this about it. Rep. Miller is trying to make the resolution say what it didn't say. And his congressional adversaries are trying to hold it to what it didn't mean. Whatever its words were all it said was that the Nebraska legislature made a wistful expression far removed from reality.

Home For The Crucial Stand

The Lincoln Chiefs are back home with us and at grips with their Western League rivals in a 10 day stand. In every respect it is a crucial period in terms of the 1957 pennant race.

In a long upward climb, rendered memorable by brilliant pitching, the Chiefs achieved their break through to the league leadership their preceding home stand. The rigors of the road trip stripped away some of the gains but brought them home only a game and a half out of first place. In a tight pennant race one must expect the bumps on the road. It is at home on familiar ground with the spirit of the stands helping that a ball club is at its best. The pennant race may be decided during these coming days and there is no better place for the Chiefs to decide it in their favor than right here. It goes without saying that Sherman Field will be the big meeting ground these coming nights.

It has been an excellent season, one that Lincoln will long remember. It has had more than its share of great moments, its gallant periods. The team has shown fine management, great spirit. Lincoln fans will have that in mind as they witness the unfolding of the team's fortunes during this critical home stand. It will be super to win the pennant for the second straight time. But it will be good in any event. And we have a feeling that if the fans pull as hard in the stands as the Chiefs will pull in the field everything will come out fine. And we will lay odds that the fans will come through.

Now What Policy?

We trust that one of the best and finest of friends will forgive us if we experience difficulty in suppressing a grin. Gov. Victor Anderson crossed the Rubicon Tuesday—or maybe it was only Salt Creek. But the governor boldly announced to a breathless public that he would be willing to take a third term as governor that the people might benefit from the experience he has gained in serving them as governor in furtherance of the policy of holding the line.

Gov. Anderson places a pretty heavy tax upon our credulity when without so much as cracking a smile—no, not even the faintest shadow of a smile—he is quoted in the news columns as saying:

"Much credit is due my fellow workers—department heads and all other state employes. Because of their splendid co-operation and willingness to give the maximum amount of work and to practice economy in government, we were able to make an actual tax reduction in the state property taxes for the year of 1957."

Memory can be a pretty slippery thing but that ain't as we recalled it. Some of the key workers in the Anderson administration, it occurs to us—if not a majority of the code heads, at least a sizeable representation—got raises. There was the capable head of the highway department, for example, and the tax commissioner, to name only two. Maybe they didn't ask for raises, and maybe the idea of a raise was abhorrent to them, but somehow the notion persists that when payday rolled around they got more money.

There is one thing about Vic Anderson which at this point in the road needs to be said. He is one of the nicest persons in public life. It is not his practice to be critical of people. If he hasn't something pleasant to say about the individual, he simply doesn't say anything.

What Nebraska needs most at this time is an inspired type of leadership that will bring to its people a new vision in opportunity to improve the resources and the income of this state. There hasn't been a lot of that since the vast program of resource improvement undertaken in the middle and late 30's. What has been done has been done largely through individual efforts. What is needed most under the capitol dome is planning and thought for Nebraska's material progress. This state need not always surrender to the conclusion that it is one of the poorer states in the Union whose survival rests upon the rigid practice of economy. That is a negative approach to state building—the type of approach of which we have had far too much.

Of Men And Things

By J. E. LAWRENCE

We cannot recall that Nebraskans who left their imprints upon national political thought—particularly those serving in the Congress—including the late Sen. George W. Norris, the late Sen. Gilbert M. Hitchcock, or the late Sen. R. B. Howell—fell back upon the lack of seniority as an excuse for not accomplishing more back in Washington. Norris had seniority as a result of his long service in Congress but never sought to exploit it because he thought seniority was one of the great weaknesses of Congress. It is a pretty poor substitute on occasion for political independence, courage and ability. Whenever a member of Congress talks about his seniority or lack of it, generally there isn't anything else to talk about.

★

A headline in a Lincoln evening newspaper reads: "Lack Of Seniority Called Handicap To State's Congressmen." Could be. Rarely do the newspapers in the more populous cities in this country quote the individual members of the Nebraska delegation in their news columns. Rarely are Nebraskans associated with issues and struggles in Congress which make them what we call good copy in the press of the nation. Rarely do any of the papers, the columnists, the commentators, or the wire services seem to give a rap what the members of the Nebraska delegation do or do not do. They come about as near being nonentities in the press as the representatives of any state. Mr. Curtis is new in the Senate, it is true. But ahead of election to the Senate he served eight terms or 16 years, if memory is correct, in the House and in the absence of anything else on occasion talked about his seniority as a member of the House and where it got him—if any place.

Not Its Only Handicap

★

The Nebraska delegation in all of its helpfulness is something a little more important than mere partisanship. The issue is not a partisan one. With only four members in the House and its two senators, Nebraska obviously cannot fall back upon numbers in advancing its claims. It can rely only upon personality and ability if its delegation struggles to satisfy demands of large and small states.

★

Population shift and growth have had a lot to do with Congress in recent years. Only a decade ago the so-called farm bloc was a powerful group, and exercised much influence. Today the farm bloc has lost prestige—not only prestige but membership—and it no longer exercises the influence it wielded in the years immediately following the 30's. But we've only seen the beginning of this. New York, California, Pennsylvania, Illinois, Texas, and Michigan whenever reaching agreement to support or oppose a proposition are virtually assured of victory in whatever they may unite upon. It becomes important to the small, less populous states to depend upon individuals rather than numbers if they expect to go any place. By 1975, we predict, a handful of states will take over control of the lower house of Congress and if able to agree on what their people want, will divide up the spoils among themselves. A Lincoln military installation reputedly was headed for Texas. Why not? The Texas congressional delegation is large and powerful. It may have seniority but it also has numbers and it has members who know what they want and how to get it.

Huge Delegations Count

★

Seniority is for the man who is already in and every term which the voters give him only adds to it.

U.S. Apologizes

Many will recall that five months ago Canadian Ambassador Herbert Norman committed suicide at Cairo. The tragic act was committed shortly after U.S. Senator Eastland had leaked a report that Norman had had frequent past connections with the Communists. Norman indicated that the prejudiced report had been more than he could bear. The incident aroused strong resentment in Canada accompanied by the threat that it would no longer co-operate with the United States in any exchanges of secret information if the U.S. did not take satisfactory steps to safeguard the confidences.

We are glad to report that the State Department has finally given Canada its answer in which its statement of principles serves to censure Senator Eastland. It has promised that secret information that must be confided to key government figures cannot be reconfided to any third individual or agency without permission of the original imparter. It is to be hoped that this pledge will satisfy the Canadian government and bring about the return of the close relationship of both countries in the matter of security.

Statehood Up

In an eleventh hour move the Senate Interior Committee has reported out bills providing for statehood for Alaska and Hawaii. The nation will be glad to hear of that and most Americans will be even happier if later news brings the word that the bills have passed. Congress has dilly-dallied long enough. If it does not believe so it only has to look at the campaign promises of both major parties which congressional members helped to formulate. For the past several elections they have unequivocally been for statehood. That should be guide enough in the forthcoming voting because it applies to both sides of the aisle.

Saltonstall Got Let Down

WASHINGTON — What happens inside conference committee's between the House and Senate is supposed to be strictly secret. This is where differences between the House and the Senate are ironed out.

In such a committee, genteel Senator Saltonstall, Massachusetts Republican, always loyal to Eisenhower, was putting up a vigorous battle for all of the defense money previously requested by Ike. Democrats were arguing that Eisenhower didn't really need the money.

Suddenly, right in the middle of the argument, a letter arrived from Secretary of Defense Charley Wilson addressed to GOP Senate Leader Knowland of California, stating that the Defense Department would accept the House economy cut of $2,200,000,000. This was exactly what Senator Saltonstall had been arguing against.

"My friend," said Congressman Harry Sheppard, California Democrat, looking toward the Senator from Massachusetts, "it looks to me as if you're riding on a train that has lost its caboose."

"I will concede," replied the blueblood senator from Boston's Back Bay, "that the nap on my rug has been sheared from under my feet."

☆ ☆ ☆

WHY IKE HAS TROUBLE

The incident illustrates why the President is now having a hard time getting his foreign aid money.

Prior to Wilson's letter, loyal Senator Saltonstall had known that on May 14 Eisenhower had gone on a national radio-TV hookup to warn of the "terrible consequences" of cutting the Defense budget; that this would be "taking a fearful gamble"; that the U.S.A. must not go down "that foolhardy road" again.

Prior to this also, Eisenhower had demanded a regular peacetime budget of $71,800,000,000, but allowed his secretary of the treasury to label such a budget as one that might cause a "depression that would curl your hair." Ike had also said that if Congress wanted to cut the budget, "it is their duty to do so." Then later he began to defend his budget.

"Ike has got to quit playing mirrors and cards with the budget," remarked Sen. Hubert Humphrey of Minnesota. "You can't kid grownup men. When they see Ike giving no help at all to the school bill, lobbying vigorously against Hells Canyon, sitting on his hands regarding social security and minimum wage for the benefit of the American people, they just aren't going to vote a whopping foreign aid program for the benefit of the people abroad merely because they get belated instructions from the President."

☆ ☆ ☆

WASHINGTON PIPELINE

Baby Senator Frank Church of Idaho, who got the choice appointment of American delegate to the Buenos Aires economic conference, did Lyndon Johnson a great favor by introducing the jury trial amendment. Church is not even a member of the Foreign Relations Committee. . . . the senator who should have gone to the Buenos Aires conference was Wayne Morse of Oregon, as chairman of the Pan American Committee of the Foreign Relations Committee. However, he did not vote for the jury trial amendment.

ED FITZHUGH

Analyzing Whales A Mighty Big Job

Dr. W. N. Kellogg of Florida State University is a man to be envied. He is a whale psychologist. There aren't very many people who can argue with that kind.

A whale psychologist doesn't bring up whales. Practically nobody does that, partly because most people do not have large enough houses for the purpose. By the time a whale psychologist is called in, the patient is liable to have about all the id he ever will have, and maybe all the psychosomatic tendencies, too.

I have not had the opportunity to talk to Dr. Kellogg, which is my loss, but the way I understand it he goes around occasionally advising worried people what whales are liable to do when they find themselves in tight spots. This is likely to happen more often than you think when a whale gets to cruising along close to shore, because he doesn't have the tolerances a skin diver, say, counts on.

☆ ☆ ☆

One of the main things about whale psychology, it seems, is getting to understand the sounds they make. Dr. Kellog is generally credited with the discovery that some of the more highly developed sea snimals, like whales and porpoises, deliberately make sounds to tell their fellow whales and porpoises where they are, or to find out themselves where they are. It works like radar.

A whale psychologist has to be a very discerning man when it comes to sounds I suspect. If I were doing it, and a herd of whales came bearing down anywhere in the vicinity, there is no way of being sure that I could tell whether it was the whales or me making all the racket. Except, perhaps, that the whales might not sound so terrified.

It isn't so much that a man distrusts a whale's ego as it is that, having read Moby Dick several times, he keeps looking for white patches on any whale he happens to meet in his casual wanderings. And usually there is a lot of whale that is submerged, so you cannot be entirely sure that he isn't white underneath even if the top is slate gray. I always say there is no use taking chances.

☆ ☆ ☆

One big advantage a fellow like Dr. Kellogg has over other kinds of psychologists is that not many people are going to argue about his findings. A chap who works on the mental processes of humans, dogs or horses, for example, always has a lot of kibitzers around. As sure as a horse psychologist says the reason Gallant Dragon didn't win the fifth out at the race track yesterday was that a haystack fell in on him as a colt, some exercise boy is going to come along and say nuts, Gallant Dragan had a stomachache from green oats.

With whales, it is different. If a whale psychologist maintains that one gets panicky from scratching his stomach on the beach because he was born too close to the bottom of the Malay Deep, who's going to argue?

In all seriousness, one thing I have noticed about the really good psychologists I have met is that they do not claim to know everything there is to know about the human mind, which convinces me that Dr. Kellogg must be a very good man in the whale field. He is still doing research.

(Chicago Sun-Times Syndicate)

BOB CONSIDINE

Giants Move Makes Third League Talk

NEW YORK — "The Giants is dead," Chuck Dressen once said, looking down from a height then inhabited only by the Brooklyn Dodgers, which team he managed, and a sprinkling of fellow grammarians.

This immortal apostrophe came to mind at Shor's place the other day when Ford Frick, the baseball commissar (who used to cover the Giants himself) was detected drinking his coffee with cream.

"It should be black," a Giants fan—one of the last — said as he sat down next to Frick.

"That it should," Ford acknowledged, "on account of the demise."

At the next table sat Walter O'Keefe, Joe Byrne, and Owen Murphy, three of the most corrigible alumni of Notre Dame.

"How's about putting Notre Dame's ball club in here, now that the others are leaving?" spoke up a member of the subway alumni, who up to this time had taken no part in the conversation.

☆ ☆ ☆

Frick ignored him and, serious to the core, said to the N.D. group:

"If the Dodgers go to Los Angeles I would like to see Brooklyn declared 'open territory.' No area that embraces fifteen million people should be ruled by one club which has veto power over any other club that wants to get in there. Under baseball law, as it is now written, the Yankees have just that power. I would amend it.

"I would oppose, right now, any effort on the part of a new group to bring a team into the Polo Grounds next year — whether it be a National league team or an American league team," Frick went on. Of course, that's academic. We know the city and other interests are taking over the Polo Grounds and that, in time, it will be a housing project.

"But the population trend is toward Long Island. Baseball would be silly to continue to tie its hands in respect to the New York area. Brooklyn should be treated as an entity and declared 'open' for any group that wishes to come in . . . . International league, any league. It's our job to protect the territorial rights of the clubs, within reason, but I don't think it's a long-range view, and for the benefit of baseball, if a borough as big as Brooklyn is deprived of baseball because of the rules as now written."

Frick would not be opposed to a third major league, or the expansion of the two cartels to ten teams. His interest is the survival and good health of the game. He has taken a bit of abuse in the mails, since there has been a threat of the departure of the Brooks and Giants, and has taken the sluggings as part of the job.

MAN'S BEST FRIEND

That Naughty Nicotine Habit

By ALLEN EDEE
Star Staff Writer

Even dogs have that nicotine habit. Duchess, a nine-month-old silver gray Weimaraner, owned by Major Charles D. Wark of 3515 No. Cotner, is unmoved by the controversy over filter cigarettes. She just chews the tobacco and discards the filter.

The major can't leave a pack of cigarettes sitting on the table, for moocher Dutch will bum not just one but the entire pack. Since she is only nine months old, the Warks don't believe Dutch should use tobacco. She has been warned about touching tobacco. Without a spittoon in the house it is also rather a messy habit.

☆ ☆ ☆

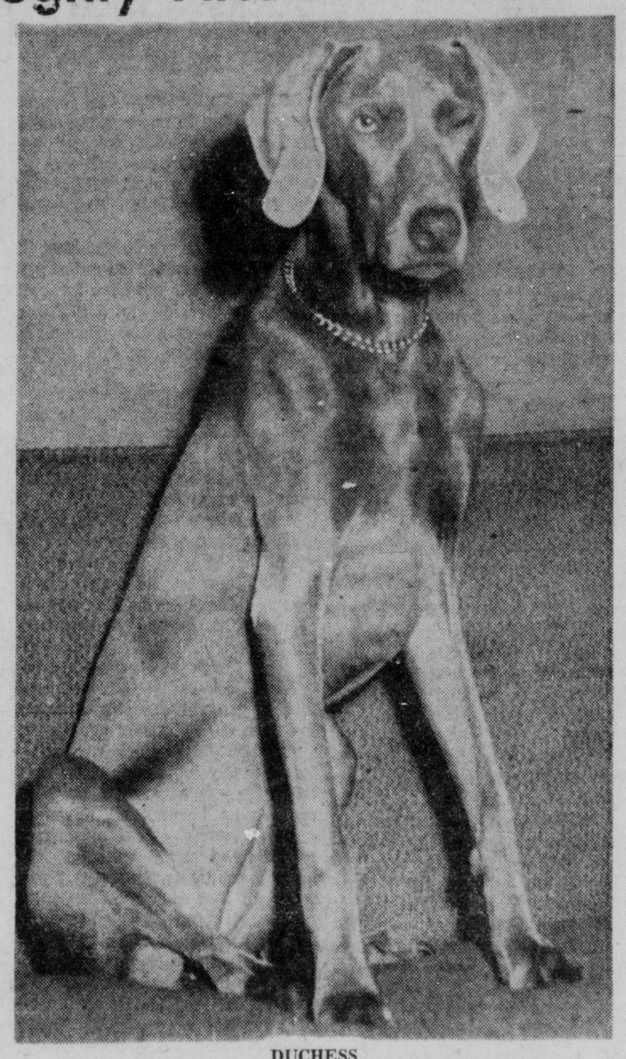

Dutch is a Christmas present from Mrs. Wark to the major. He lost another Weimaraner when the dog became ill with a brain virus and died. Mrs. Wark wasn't exactly crazy about dogs but she could see that her husband missed Smoky. He has also owned an Irish setter and Gordon setter. The major will put up a Weimaraner against any other breed for all-around hunting, especially upland game bird. Both the major and son, John, 18, anticipate exciting days ahead when Dutch has gone through her field training.

☆ ☆ ☆

Dutch has some sort of record. When the Warks drove to Ft. Randall, S.D., for a summer vacation, naturally Dutch went along. She refused to use any roadside aid station. The Warks traveled seven hours with Dutch who kept the car spotless.

The Warks know that Dutch has a keen scent. She will swipe a dirty sock and play with it till a hole is torn. Mrs. Wark will spot the damage, wash the sock for Dutch to play with and the dog will refuse to play with it.

Though Dutch will share many a happy day with the family, there is one thrill she is going to miss out on. Both father and son like deer hunting. And for that sport even a Weimaraner takes a back seat.

ATOMIC BREEDING

Scientists' Speed-Up Creates Freaks

By EDWIN DIAMOND

Science is recreating extinct animal and plant breeds of the past, improving on the present and anticipating new forms of the future.

It is also creating weird animal absurdities resembling such legendary monsters as the one-eyed cyclops and the headless horseman.

Atomic radiation and cross-breeding are the tools being used to reshape Mother Nature's own handiwork.

Man will benefit from this research in many ways — from new zoo forms that delight children to new understanding of how deadly cancer can be controlled. And man himself may some day serve as his own genetic guinea pig.

Take the resurrection of the "auroch" and the "tarpan," for example. These once-extinct animals are living again, thanks to two German "back-breeders," Heinz and Lutz Heck, of Munich.

The auroch, known as the "Ancient King of Europe's Forests," has been extinct for 300 years. They are the fierce ancestors of today's domestic cattle.

By selective breeding, Lutz Heck eliminated modern "refinements" such as fleshiness and docility and created "black bulls with a yellowish stripe down the back and wicked, forward-curving horns."

The tarpan, a wild, hardy forest horse, stocky and putty-colored, was rebred by the same selective mating technique.

The primitive tarpan and auroch can now be viewed by Chicago area children at the Brookfield Zoo.

Cross-breeding of plants has long been a field of important scientific work. Now, with radiation, the entire process can be speeded up—to man's advantage.

British scientists bombarded tulips with atomic rays and caused them to revert to their wild state of a thousand years ago.

U.S. scientists at Brookhaven, N.Y., National Laboratory are working on "tailor-made plants" — new species developed by man improving on nature to get faster growth, higher food content and more disease resistance.

They are doing this by speeding up evolution. Nature, modern science now knows, changes various plant and animal breeds through the process of mutations—sudden, spontaneous changes or variations in the hereditary cells or genes.

The human genes are attached to chromosomes. Each parent contributes a set of 23 chromosomes to each offspring. These tiny units substantially determine physical and mental characteristics, such as eye and hair color, stature and blood type.

Mutations, or changes in the genes, can be favorable or unfavorable to the species; in plant and animal life, man can intervene, select the desirable changes and help them along while squelching the undesirables.

Radiation — the invisible, soundless, tasteless, odorless rays from an atomic source — can speed the mutation rate up as much as 50 times.

Brookhaven in 18 months produced rust-resistant oats with atomic radiation; ordinarily, it would have taken 10 to 20 years to breed the new variety.

Brookhaven scientists are not stopping there. They are anticipating future disease-causing bacteria and fungi strains that may attack food crops. With the aid of radiation-induced mutations, it is possible to "get a line" on these changes without having to wait for their natural occurrence.

Other scientists are working on plants that will be resistant to drought, frost, excessive rain and soil variations.

Coats And Taxes

Friend, Neb.

To the editor of The Lincoln Star: I might write about the seven-cent gas tax and the propaganda put out by the State Highway Department and the daily press that gives us the impression that if the fraction of the additional one cent allotted to the S. H. D. is lost, scores of planned projects "will have to be shelved." This proves to me that Mr. Ress is taking from the established primary and secondary roads to build the first section of the interstate route.

I might write about women in shorts, boys without shirts, cats or dogs. But what I want to know is, where has the double-breasted coat gone? I have them and I like them, but when I go into a clothing store and try to buy another one, the clerk gives a stare and tactfully gets me out of the store. Right around July 7, a Nebraska daily carried a picture of Supreme Court Judge Warren, ex-President Hoover and ex-President Truman, all wearin six-button double-breasted coats.

Now, if these important men can wear double-breasted coats, why can't we little men do so? Of course, perhaps, they do date back to the days when the two-cent gas tax built a lot of roads.

I might end this letter by asking who is paying for all the "dope" being put out against the petitions to let us vote on the seven-cent gas tax.

—Tornado Warnings—

FORECASTING GETS BETTER

OMAHA (AP)—If you're disgusted with the weather man for crying "tornado" when there is no tornado—be patient. He's getting better every year.

Back in 1954 his average of accuracy in forecasting tornadoes for Nebraska was about 20 per cent.

But in the first seven months of 1957 he issued 239 severe weather forecasts and confirmed 156 "hits," an average of 65 per cent accuracy.

Difference

E. F. Stapowich, meteorologist in charge of the Omaha Weather Station, explains the difference between a severe weather forecast and a tornado warning:

A severe weather forecast means the Weather Bureau has observed conditions in the atmosphere favorable to formation of tornadoes in a rather large area.

A tornado warning is issued after a funnel cloud actually has been sighted. The Weather Bureau specifies that the tornado is either "unconfirmed" or "verified."

There is no guarantee the tornado will hit every community in its path because a tornado is as unpredictable as it is violent.

It might, as it did in the case of this year's disastrous Milford tornado, dip down and hit one town (Milford), pull back up into the clouds and dissipate, completely missing another town in its path (Lincoln), peep out of the clouds again without coming down (Louisville) and then form again and swoop down for another hit (south edge of Omaha).

Crash Kills P. J. Lorenz

Former Lincolnite Missing 5 Months

PETER J. LORENZ

A former Lincolnite, Peter J. Lorenz, 40, was one of two Americans killed in a Canadian plane crash. The plane, missing since March 6, was found near St. Octave-De-L'Avenir, in the Gaspe Peninsula, provincial police reported.

Papers found near the wreckage of the twin-engined aircraft identified the occupants as John Robert Kovel, 28, of Buffalo, N. Y., and Peter J. Lorenz of Burbank, Calif.

The plane had been en route from New York to Goose Bay, Labrador, and heading into a snow storm. Following its disappearance Canadian and U.S. planes had searched the area without success. The area is about 300 miles northeast of Quebec City.

Mr. Lorenz, owner of an intercontinental aircraft delivery service in Burbank, attended the Lincoln Public Schools and Lincoln High School. He was a paratrooper with the 82nd Airborne Division during World War II.

Surviving are his wife, Loretta, and two children, Patty and Peter Jr., all of Burbank; sisters, Mrs. Al Schmidt of Lincoln, Mrs. Flora Hoffman of Kodiak, Alaska, Mrs. Darlene Nogle of Reseda, Calif., Bert Lorenz of Montalvo, Calif., and Mrs. Helen Hansen of Colorado Springs, Colo.; brothers, Alex and Fred of Lincoln, Richard, with the Navy in Hawaii, and Donald of Durango, Colo.

Denial Of Local Taxi Application Is Recommended

An examiner for the State Railway Commission has filed a report recommending denial of an application filed by Lincoln Cabs, Inc., to operate in Lincoln.

The application had been filed by William, Lois and Charles Deneke.

The application was one of three filed following the Commission's action last spring revoking the certificates of the Checker Cab Co. of Lincoln.

Two applications are still to be heard: Capital City Cab, filed by Robert and Loralle Ring, and another filed by E. E. Strube, owner of Yellow Cab Co. of Lincoln.

High Court Gets Appeal Brief In Auto Homicide

A brief has been filed in a state Supreme Court appealing the April 12 conviction of a Kearney College student on charges of motor vehicle homicide.

The Buffalo County District Court sentenced Lawrence E. Pribyl, 22, of Paxton, Neb., to from 1 to 1½ years in the state Reformatory.

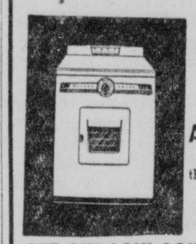

The appeal brief cites 12 errors in lower court proceedings in the case which involved the death of Vera Bartu, 19, also a student at the college.

House GOP Chiefs Offer Civil Rights Compromise; Ike Agrees

WASHINGTON (AP) — With the blessing of President Eisenhower, the House Republican leadership Wednesday proposed a civil rights compromise clothing federal judges with limited powers to punish for criminal contempt without a jury trial.

If the Democrats agreed to this change, the GOP leaders said, the Republicans in the House would accept a modified version of the Senate civil rights bill.

The Republican leadership proposed that in voting rights cases where a person is accused of criminal contempt of a federal court injunction, the judge "in his sole discretion" would decide whether there is to be a jury trial or not.

If he tried the case without a jury, he could mete out no higher penalty than 90 days in jail and a $300 fine.

Might Be Jailed

If he decided on a jury trial the defendant, if convicted, might be jailed for as much as six months and fined $1,000.

Under the Senate bill as it now stands, a person would be guaranteed a jury trial in criminal contempt cases and if convicted would be liable to a fine of up to $1,000 and imprisonment of up to six months.

A widely-heralded GOP compromise move immediately led to an appraisal by House Democrats as to whether they would agree to this way out of a stalemate that has blocked the measure since Senate passage Aug. 7.

House Republican leader Martin (Mass) unveiled the GOP proposal at an afternoon news conference and said he has every reason to believe President Eisenhower would sign the bill if it carries the GOP modification. Martin said the next step is up to the House Democrats led by speaker Rayburn (Tex).

Rayburn said he would have to study the GOP plan. Rep. Celler (NY), heading Democratic civil rights forces in the House, at first indicated he personally was willing to go along if Senate leaders would, but then said the whole proposal would have to be studied further. Celler told newsmen he had discussed the proposal with Senate Democratic leader Johnson of Texas and they both had decided that a proposal involving "pre-judging" of the possible penalty required further study before they could take a position on it.

Latest Move

The Republican proposal was the latest move in a long, complicated struggle over civil rights.

First the House passed a bill in line with Eisenhower administration thinking. Among other things this would permit the attorney general to apply to federal courts for injunctions against violations or threatened violations of all sorts of civil rights. Persons flouting the injunctions could be jailed by the federal judges without jury trial.

The Senate cut down this injunction process to voting rights alone. Then it added that in most cases of criminal contempt a jury trial must be granted. This requirement would apply not only to civil rights cases but to a whole range of other cases. Criminal contempt cases are defined as those in which a judge seeks to punish defendants. In civil contempt proceedings, designed to induce obedience rather than to punish, judges could still convict or acquit without juries, under the Senate bill.

Eisenhower administration forces objected that the broadening of the jury trial requirement would be a damaging blow to the power of federal courts to enforce their decrees.

So a number of House Democrats, including Rep. Celler (D-NY), proposed that the Senate bill be accepted with an amendment restricting the jury trial amendment to voting rights cases. Celler and a number of other advocates of strong civil rights legislation took the position that this was the most that could be passed through the Senate at this time.

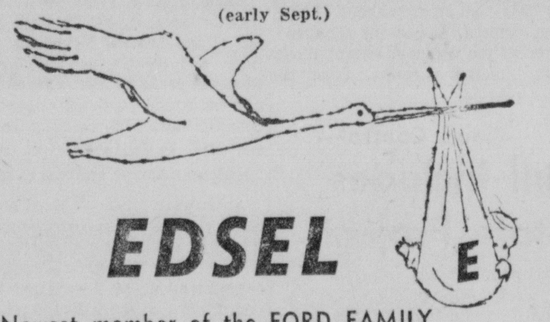

But Eisenhower and Martin said this did not go far enough in protecting voting rights. Hence the GOP proposal Wednesday. Martin said that if the proposal is accepted, House Republicans would vote for the Senate bill as modified by Celler's proposed amendment.

Eye-Injured Youth Home

Thomas Davis, 14, of York, was dismissed from a Lincoln hospital Wednesday and hospital officials said he is expected to recover completely from an eye injury.

Davis, who was hit in the eye with a Catalpa bean which had been accidentally dropped from a tree, underwent surgery earlier in the week to save his left eye. He is the son of Mr. and Mrs. Glen Davis.

Senate OKs Immigration Bill Falling Far Short Of Ike's Recommendations

WASHINGTON (AP) — The Senate Wednesday night passed a bill falling far short of President Eisenhower's recommendations for increasing immigration but easing some of the restrictions in present law.

The measure was passed by a 65-4 roll call vote. It was opposed by four southern Democrats—Sens. Ellender (La), Olin Johnston (SC), Russell (Ga) and Thurmond (SC).

The measure now goes to the House, where a similar bill won committee approval last Friday. The House is expected to act on the legislation early next week.

Several senators said they were supporting the bill in the belief it represented the most that could be hoped for at this time in the way of amending the controversial McCarran-Walter Immigration Act. That act was passed in 1952 over former President Harry Truman's veto.

More Changes

However, they said that next year they would renew efforts to obtain more substantial changes in the law.

Sen. Eastland (D-Miss), chairman of the Senate Judiciary Committee, said the bill was designed to relieve certain hardship cases, but he emphasized that it would not change basic provisions of the McCarran-Walter Act.

The committee's report to the Senate Judiciary Committee, said the bill was designed to relieve certain hardship cases, but he emphasized that it would not change basic provisions of the McCarran-Walter Act.

The committee's report to the Senate on the bill said its purpose was "to make certain minor adjustments" in present law governing immigration and naturalization.

In answer to a question, Eastland said there was no way to tell how many additional immigrants would be admitted under the bill.

60,000

Sen. Kennedy (D-Mass), one of the sponsors of the compromise measure, estimated that the bill provided for the admission of about 60,000 persons, including refugees from the Middle East and Communist tyranny.

One of Eisenhower's major recommendations was that the present quota system be revised to admit nearly 65,000 additional immigrants annually.

The bill makes no change in the quota system, nor does it carry out Eisenhower's recommendation that authority be granted to let Hungarian refugees admitted last fall on a temporary basis become permanent residents of this country.

The bill would, however, permit use to be made of 18,656 nonquota immigration visas that remained unissued when the 1953 Refugee Relief Act expired last Dec. 31.

Persecution

About 14,000 of these would be available for refugees from Communist nations anywhere in the world or from political, racial or religious persecution in the Middle East.

The other 4,600 would be for the use of persons to whom they were originally assigned by the Refugee Relief Act—2,500 for persons of German origin expelled from behind the Iron Curtain and now living in West Germany or Austria, 1,600 Dutch refugees, and 500 Far Eastern refugees, mostly white Russians.

The bill also would permit orphans up to 14 years of age who are adopted by U.S. citizens to enter this country on a non-quota basis until June 30, 1959. No limit is placed on the number.

The Secretary of State and the Attorney General would be given authority to let foreign visitors enter this country without being fingerprinted. At present all aliens entering the country, except those with diplomatic status, must be fingerprinted.

—Flood Control—

Bill Includes State Project

Allotments made from the Public Works Appropriation Act for 1958 are to include $167,000 for a flood control project on the Elkhorn River at Waterloo, Neb., it was learned in the governor's office.

But availability of the money is dependent upon final enactment of the bill and compliance with local co-operation specifications.

The project would include a system of levees to protect Waterloo and a small adjacent agricultural area.

Originally authorized in 1950, it has been held up for appropriation of funds, which now have been recommended by the chief of the U.S. Corps of Engineers.

HERE IN LINCOLN

Loses Billfold, $250 — R. R. Densberger of 1547 No. 33rd reported to police that he lost his billfold containing about $250 in currency and $60 in checks near 27th and Holdrege Tuesday evening.

Peery's Attorneys Claim Prejudice In Burglary Trial

Records of the trial in which Wesley H. Peery of Lincoln was convicted of burglary in Lancaster County District Court show "element upon element of prejudicial treatment." Peery's attorneys maintain.

The statement came in a brief filed with the State Supreme Court, to which Peery has appealed for a new trial.

Convicted of burglarizing the home of Asst. Lincoln Police Chief Eugene H. Masters in January of last year, Peery was sentenced to five years in the State Penitentiary.

"The law has been thrown to the lions to appease the desire to convict," which "has allowed the prosecution to overstep legal boundaries (and) sweep aside constitutional rights of fair trial," Peery's attorneys said.

TWO FROM LINCOLN TO RECEIVE DEGREES

Norman Dale Alexander and Jarrell Ward McCracken, both of Lincoln, are to receive Master of Arts Degrees at commencement exercises at the University of Denver on Friday.

Alexander is a University of Nebraska graduate and McCracken was graduated from Midland College, Fremont, Neb.

$10,000 Suit Filed In Dog Bite Case

A $10,000 damage suit has been filed in Lancaster District Court against Mr. and Mrs. Robert L. Burbach of 316 No. Raymond Rd. by Richard P. Paul of 300 No. Raymond Rd., who alleges the Burbach's German Shepherd dog attacked and injured his daughter, Deborah Kay, age 2½.

Paul's petition, filed on behalf of his daughter, alleges Deborah Kay was "attacked . . . bruised, scratched and bitten" by the dog while she was playing in the Paul yard July 16th.

Wheat Loss Payments In State Total $295,000

Federal wheat crop insurance indemnities brought a total of $295,000 to 950 Nebraska farmers, State Director L. Ralph Robertson reported.

Federal crop insurance pays an indemnity when the yield drops below a level that returns the major part of the investment needed to produce the crop.

Only seven Lancaster County farmers received payments, mostly because of hail losses.

Heaviest insured losses resulting mainly from drought and wind last fall and winter and from rust and hail during the spring and summer, were in Chase, Perkins, Hitchcock, Gage, Butler and Saunders Counties.

Wet weather which delayed harvesting in some areas did not contribute to the loss, Robertson said.

Insured under the wheat program this year were 7,685 Nebraska farmers. Applications for insuring the 1958 crop must be in by Aug. 31.

FORMS REQUIRED FOR NEW RESERVE TEACHERS

Newly-created reserve teachers must file W-4 income tax withholding forms, register their social security numbers, sign the loyalty oath required of all state employes, and sign the pledge to uphold the ideals of America as required of all teachers in Nebraska.

LeRoy Ortigiesen, assistant commissioner of education said Wednesday the department had been advised of these requirements by the Attorney General's office.

"Since reserve teachers are paid out of public funds," he explained, "they must fill these requirements before they can be issued any money."

He said the information received from the attorney general means the department will have to contact some 60 teachers whose applications have been received and are ready for approval, to comply with the additional regulations.

The reserve teacher status, resulting from a bill passed by the 1957 Legislature, which becomes effective Sept. 20, provides that teachers over 65, who retired before the school retirement system was enacted, will be put on a reserve basis making them eligible for an annual payment of $360.

5 Phones, Racing Sheets Found In Smoke Shop Raid

OMAHA (AP) — Omaha Safety Director Lynn R. Carey and Police Chief C. Harold Ostler personally raided a smoke shop in downtown Omaha and found a secret room equipped with five telephones and racing information.

Carey and Ostler said they found a locked door downstairs and entered after removing hinges and prying a hasp.

The room contained a pot of hot coffee, a pitcher of ice tea in which the cubes were still unmelted and other evidence the room had just been vacated.

They said they found "set-up sheets" showing morning odds and last minute revision from race tracks.

Noble Is Injured In Wahoo Crash

WAHOO, Neb. (AP) — E. F. (Bill) Noble, Grand Island, secretary-treasurer of the Nebraska Federation of Labor, was hospitalized here Wednesday with injuries received in an auto accident 12 miles west of Wahoo.

Noble and Harvey Davis, Grand Island, business representative for the Teamsters union, were driving to Omaha.

Davis said their car was in collision with one driven by Stanley Frohmer of Malmo. Davis was treated and released from the hospital. Frohmer was uninjured.

Noble's injuries were not believed serious.

Congress Action Aided CPPD—Schacht

. . . In Consumers Efforts To Get Nuclear Reactor At Hallam

By B. R. ROTHENBERGER
Star Staff Writer

Ray Schacht, general manager of Consumers Public Power District, believes recent congressional action affecting the activities of the Atomic Energy Commission helped rather than impaired his district's quest for a nuclear reactor.

"The act which was passed Tuesday by both the House and Senate and which only awaits the President's signature authorizes the Nebraska atomic installation," Schacht said.

"We shall proceed with all possible speed to conclude our negotiations with the AEC in order to make the reactor a reality," he added.

(In addition to the authorization bill sent to the White House, the House of Representatives Wednesday passed and sent to the Senate an appropriation bill which includes $3,151,000 for the Consumers Plant. The bill provides that the Nebraska project is to be constructed under a contract now being negotiated between Consumers and the AEC.

Clarification

The Consumers manager sought to clarify dispatches from Washington during consideration of the AEC bill. Reports included announcements that the two-year old Consumers A-plant proposals had received a death blow, that the reactor would be built at government expense and that it would be built on some share-the-cost basis.

"As I understand the bill," explained Schacht, "its prime purpose was to readjust the relationships between Congress and the AEC. While the Congress legislated specifically in respect to the federal construction of four small REA reactors recently proposed, it removed Consumers' project from that group to give it more broad treatment in the light of well-developed AEC-Consumers negotiations. It was satisfied to authorize funds for the project."

Schacht added he had never had grounds to believe that Consumers would be relieved of all financial burden in the construction of the reactor.

"While our negotiations with AEC are not finished," he said, "the terms as they stand contemplate a Consumers outlay of approximately $5,200,000. That is not necessarily a final figure."

The project, described by Schacht as "very close to realization," contemplates an atomic reactor capable of producing 75,000 kilowatts.

Plans call for its construction near Hallam at the district's Sheldor site where preparations are going forward also for construction of a 100,000 kilowatt conventional steam generating plant.

Negotiations for the reactor installation have been going forward with the AEC on a partnership arrangement, involving Consumers responsibility for operating the reactor and providing for a portion of its cost.

Ike Signs Study Bill

WASHINGTON (AP) — President Eisenhower Wednesday signed a bill authorizing preliminary work on a program for government-built nuclear power reactors. He said he doesn't oppose these preliminaries but would oppose spending federal money to build the reactors.

Almost simultaneously with this White House announcement, the House passed and sent to the Senate a big appropriations bill which included funds to begin design and engineering studies on the controversial reactors.

Senate Democrats had proposed the reactor-building program over vigorous administration opposition. The program was scaled down considerably before Congress passed the authorizing legislation earlier.

Great Improvement

Eisenhower said in a statement that the measure which he signed "is a great improvement indeed over bills introduced early in the session.... to build and operate a number of full scale power reactors at a cost for construction alone of 400 million dollars of public money."

The President said he was glad "Congress saw the undesirability of proceeding with that program."

"While I am not opposed to such projects as studies by the commission," he said, "I wish to make it clear I will oppose the expenditure of public money for construction and operation by the government of any large scale power reactor, or any prototype thereof, unless private enterprise has first received reasonable opportunity to bear or share the cost."

Herbert Sheldon Pleads Guilty In Burglary Case

Herbert Sheldon of 109 West G pleaded guilty Wednesday in District Court to a charge of burglary in connection with his alleged breaking into a concesison stand at Oak Lake Tuesday night.

Judge Harry A. Spencer deferred sentencing pending a report on the case by Adult Probation Officer George Meyer.

Police said they arrested Sheldon near the concession stand and that he had more than 40 packages of cigarettes allegedly stolen from the stand in his possession.

Engler Dies

ST. LOUIS (AP)—William E. Engler, former member of the notorious Egan gang of St. Louis died shortly after he was found shot in a room where he lived.

Other roomers in the residential rooming house told police they heard a shot and discovered the 57-year-old Engler on the floor, a bullet wound in his head and a .38 caliber revolver nearby.

Mrs. Clarence Cockrell, the landlady, was quoted by police as saying Engler had been under a doctor's care for a nervous condition and had threatened to shoot himself.

Sorority Sisters, Coffee---Chatter

We suspect there was considerable reminiscing at the coffee for which Mrs. Robert Knodel (Berneta Rosenquist) was hostess on Wednesday morning at her home. Perhaps it was the arrival of Mrs. Duane Rankin of Iowa City that inspired the party, but anyway Gamma Phi Betas from hither and yon were on hand for the morning affair.

In the picture, seated on the floor, left to right, are Mrs. Rankin, Mrs. William Holloran of Schuyler, and Miss Ardis Fuhrman.

Seated, left to right, on the sofa are Miss Jean Steffen of Denver; Miss Jackie Switzer of Omaha, and Mrs. Owen E. Beach. Doing the hostess honors in the picture is, of course, Mrs. Knodel.

THE BRIDES' BOOK SAYS:

In pre-nuptial courtesy to Miss Nancy Person, daughter of Mr. and Mrs. Samuel J. Person of Tecumseh, whose marriage to Jack Gardner will be an event of Saturday, Aug. 24, Miss Mary Thompson and Miss Jo Kroeger entertained recently at a dessert supper at the home of Miss Thompson. The guests, all Chi Omega sorority sisters of the bride-to-be, presented Miss Person with a pottery shower.

The wedding of Miss Person and Mr. Gardner will take place at 8 o'clock in the evening at St. Matthew's Church, Episcopal. Miss Thompson will attend the bride-elect as maid of honor, and the bridesmaid will be Miss Kroeger. Miss Susan Aman of Ansley will be the flower girl.

Robert W. Gardner of Derby, Kan., will serve his brother as best man, and seating the guests will be John R. Tilly and Gary Fusselman, Lincoln; John W. Warrick, Meadow Grove; and Richard B. Mead of Scottsbluff. James Hunkins will light the candles.

Miss Joyce McMillan this morning is announcing plans for a late summer wedding. Her marriage to Allen Evers of Hebron will be solemnized on Sunday afternoon, Aug. 25, at the Lutheran Church in Hebron.

Miss McMillan's matron of honor will be Mrs. R. J. LaMountain, and her bridesmatron will be Mrs. William D. Lindholm. Miss Kathy McMillan of Grand Island will be the flower girl, and carrying the rings will be Freddy Lee of Hebron.

Lighting the candles will be Miss Nancy Bartling of Hebron and Miss Janet Itzen.

Glenn Evers will serve his brother as best man, and the ushers will be Harold Lee, Melvin Evers and Robert Brenn, all of Hebron.

Betrothal Announced

MISS BETTY ANN SIECK

Announcement is made this morning by Mr. and Mrs. Hugh Sieck of Crete, of the engagement and approaching marriage of their daughter, Betty Ann of Lincoln, to Jerome L. Erickson, son of Mr. and Mrs. L. E. Erickson of Rapid City, S. D.

An October wedding is planned.

Miss Sieck is a graduate of St. Elizabeth Hospital School of Nursing. Her fiance is attending the University of Nebraska.

MR. AND MRS. JOHN LIONELL SKALLA

Had Evening Wedding

Blue and white chrysanthemums and carnations appointed the altar and chancel of Christ Church, Episcopal, in Beatrice for the wedding of Miss Allene Davison, daughter of Mr. and Mrs. Allen Davison of Beatrice, to John Lionell Skalla of Lincoln, son of Mr. and Mrs. E. J. Skalla of Beatrice, which was solemnized on Saturday evening, Aug. 17. The Rev. Samuel Boman solemnized the 7:30 o'clock service.

The attendants, including Mrs. Royce K. Water of New Orleans, her sister's matron of honor; Miss Lou Burton of Sedalia, Mo., and Miss Vera Davidson of Kansas City, Mo., the bridesmaids; Mrs. Ronald Weddle of Overland Park, Kan., the bridesmatron and Miss Jane D. Waters of New Orleans, the junior bridesmaid, wore identically styled frocks of chiffon shading from light to deep blue. The shirred, fitted bodices had soft, cowl necklines, and the full, ballerina skirts were designed with a back floating panel. Their costimes were completed with hats that reflected the tones of their frocks, and each carried a bouquet of blue and white chrysanthemums accented with plumes in the sky-blue shade. Candace Waters of New Orleans was the flower girl, and the ringbearer was Allen Reed Davison.

E. Keith Skalla of Lincoln served his brother as best man, and the ushers were Royce Waters of New Orleans; Lee Roberts, Robert Bevington, both of Omaha; Jerry Amos, Brien Hendrickson, Richard Arneson, all of Lincoln; Bernard Skalla and William Davison.

The bride appeared in a gown of ice-blue taffeta designed with a brief-sleeved, sculptured bodice in which a shoulder-circled neckline was framed with an applique of imported Swiss organdy in the floral motif. The organdy medallions were repeated in triple patterns on the extremely bouffant skirt which swept to the back in a chapel train. A small crown, dotted with pearls, held to the head her veil of ice-blue French illusion, and she carried white orchids, showered with stephanotis.

Following a reception in the Parish House, Mr. Skalla and his bride left for a honeymoon trip to San Francisco and Carmel, Calif. Upon their return they will reside at 831 So. 17th St., Lincoln.

The bride attended Christian College in Columbia, Mo., and was graduated from the University of Missouri where she is a member of Delta Delta Delta sorority. Mr. Skalla is a graduate of the University of Nebraska where he is a member of Delta Tau Delta fraternity.

Guest, New Resident, Are Honored

When Mrs. H. L. Harrison and her daughter, Mrs. Tom Beal were coffee hostesses on Wednesday morning at the home of Mrs. Harrison, the party honored Miss Alison Faulkner and Mrs. Richard Huebner.

Miss Faulkner, a Kappa Kappa Gamma at Nebraska, is spending a few weeks as the guest of her parents, Mr. and Mrs. R. W. Faulkner — an interim vacation between a career in New York, and work towards a Master's Degree in art at Penn State.

Mrs Heubner, the former Marilyn Tyson, also a Nebraska Kappa, and her husband, have just returned from England where Mr. Tyson completed a tour of duty with the Air Force. Mr. and Mrs. Huebner plan to reside in Lincoln while Mr. Heubner is attending the University of Nebraska College of Law.

In the picture, seated left to right, are Mrs. Edward Williford, Jr., Mrs. Huebner, Miss Faulkner, Mrs. Vera Harrison and Mrs. Beal.

Standing are Mrs H. L. Harrison (left, and Mrs. R. W. Faulkner.

Around The Town

NEWS — as usual—this morning, and it has a particularly interesting flavor — We have just heard that Mr. and Mrs. Eugene Gilmore are winging their way back to the States from La Paz, Bolivia — Mr. Gilmore's most recent State Department post. Mr. and Mrs. Gilmore left La Paz on Wednesday, and will arrive in New York City today. We understand that they will go directly to Washington, D.C. where Mr. Gilmore will spend three months before beginning the two months leave. Mrs. Gilmore plans to spend several days in Washington, but then will come to Lincoln where she will visit her mother, Mrs. Roy Downs and her brother-in-law and sister, Dean and Mrs. E. S. Fullbrook.

* * *

AND arriving today for a brief visit in Lincoln will be Dr. and Mrs. Linus W. Hewit of Tampa, Fla., who will be the guests of Dr. Hewit's parents, Dr. and Mrs. G. E. Hewit.

On Saturday evening Dr. and Mrs. Hewit will leave for Detroit, and from there will go on to Mackinac Island where Dr. Hewit will attend an urology convention. Dr. and Mrs. Hewit will return to Florida following the convention.

* * *

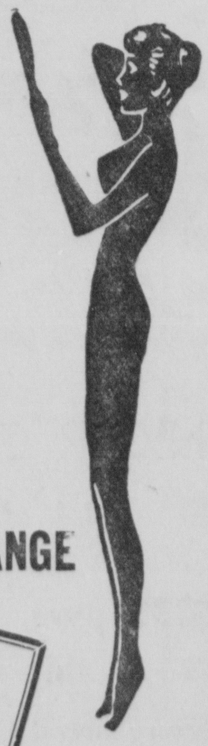

WEDNESDAY evening was a very special occasion for Gaynelle Groth, daughter of Mr. and Mrs. Wendell Groth. It wasn't the birthday that was so special — Gaynelle has had 12 of them, including yesterday's. The exciting thing about the whole thing was the fact this is the first birthday Gaynelle has celebrated in Lincoln — All of the other Augusts she has been at Cass Lake which made entertaining Lincoln friends a bit difficult.

This year, however, the young Miss Groth had a slumber party —right here at home. Eight guests were invited, and the early part of the evening was devoted to a scavenger hunt — There was late evening food— and there was bedtime — but little sleep.

THE STAR IN SUBURBIA

EASTBOROUGH

Making their grand appearances this morning as the curtain rises for the various settings on the Eastborough stage are those residents who recently returned from vacation trips; others who have been busy entertaining out-of-town guests, and the many neighborhood friends who have planned picnic gatherings and informal parties. With the props all in order we'll proceed with the recent rehearsed play on the Eastborough home front.

Heard this ayem that Mrs. Eve Dearing of San Antonio, Tex., is visiting her son-in-law and daughter, Mr. and Mrs. James Bertram and their children, Alan and Cindy. Mrs. Dearing arrived in July and will remain in the suburb until the middle of September.

Mr. and Mrs. W. D. Reed and daughters, Barbara and Cindy, returned home a week ago from a short trip to Platte Center where they were the guests of Mrs. Reed's brother and sister-in-law, Mr. and Mrs. Eldon Garber and their children, Donna, Danny, Darrel and Darla.

Last Saturday the Reeds went to Omaha to visit Mrs. Reed's sister, Mrs. Robert Carter, and Mr. Carter, and returned home just in time to be host and hostess on Sunday to members of their family. Sunday guests of the Reeds were Mrs. Reed's parents, Mr. and Mrs. Walter Garber of Nebraska City; Mr. and Mrs. William Sieck of Seward; and Mr. and Mrs. Ervin Schmieding of Malcolm. Completing the family group from Lincoln were Mr. and Mrs. William Boehmlehner.

A young visitor in Eastborough this summer is Miss Terry Kutscher of Boulder City, Nev., who is the houseguest of Maj. and Mrs. L. H. Kutscher. Miss Kutscher will leave early in September to return home in time for school.

When Mrs. Gus W. Windt and her son, Mike, recently arrived in Eastborough from Chicago, Ill., to spend three weeks with her brother and sister-in-law, Mr. and Mrs. Paul Bouma, she undoubtedly had no idea that several courtesies had been planned to honor her. While the Windt twosome was in the suburb they were out and about every day making new acquaintances, joining in swimming parties and informal coffees. One such event was the evening party given by Mrs. Windt's sister-in-law, Mrs. Neal Pettit, who entertained last Tuesday. Joining in the evening festivities at the Pettit home, in addition to the honoree and Mrs. Bouma, were Mrs. Harlan Hobbs, Mrs. William Hohenstein and Mrs. Dick Matthews. The visitors left on Friday to return to their home in Chicago.

One of this week's highlighting events in Eastborough will be the picnic gathering on Friday evening at Capital Beach where members of the neighborhood pinochle club will be hostesses to their husbands. On hand for the affair will be Mr. and Mrs. Bud Kleckner, Mr. and Mrs. R. W. Schraton, Mr. and Mrs. Kenny Talbot, Mr. and Mrs. Ernest Larkins, Mr. and Mrs. Leonard Turner, Mr. and Mrs. Paul Bouma and Mrs. Elaine Johnson.

Heard that Mr. and Mrs. Robert E. Wepler, Larry, Cary and Randy returned last Sunday from a week of fun at Linstrom, Minn. The Weplers joined several relatives from here and there about during their stay in Minnesota where they all joined in such activity as sight-seeing tours of Minneapolis and St. Paul, and boating excursions along with fishing and swimming festivities in Lake Chisago. Vacationing with the Weplers were Mr. Wepler's parents, Mr. and Mrs. Robert L. Wepler of Lafayette, Ind., Mrs. Wepler's brother and sister-in-law, Mr. and Mrs. Cecil D. George and their children, Sharon and Doug of Chattanooga, Tenn., and the Wepler's neice, Miss Sandra Yowell of Nashville, Tenn.

Home again from a trip to Montrose, Minn., are Capt. (USN) and Mrs. Marvin Skappel and their three children, Lynn, Margaret and Nancy. Mrs. Skappel and the youngsters vacationed for a month in Minnesota and were later joined by Capt. Skappel who spent his ten-day leave fishing, boating and swimming with the other family members. The group returned home on Tuesday just in time to greet guests from Seattle, Wash., who were Mr. and Mrs. Al Struck, Barbara and Russell.

Teacher Shortage Declared Worst Ever

By The Associated Press

Back-to-school time is bringing to a head the problems of some Nebraska school systems.

At Falls City, for the fourth time in recent weeks plans for school opening have been changed.

Two new elementary schools are in the final stages of construction.

At first it was thought both buildings would be ready for use on a limited basis. Then plans were changed to include only the North school for limited occupancy.

After that school opening was delayed a week to give builders more time.

Use Old Buildings

Finally the Board of Education gave up on the new buildings and decided school will start Sept. 3 as originally planned, but with classes in the old buildings. The move to the new buildings will be made when they are available.

At Grand Island, additions are being built on C. Ray Gates and Howard Schools but authorities haven't counted on using either at the start of the semester.

However, Grand Island, has had other problems. At last report there were still five vacancies on the teaching staff.

York Short 20 Teachers

York public schools had to make more than 20 teacher replacements.

Superintendent Leon O. Smith reported that only three of Douglas County's 37 rural schools still need teachers.

Nebraska City Supt. Edgar Lightbody said he was still looking for two high school teachers but expected to fill the vacancies by the time school starts.

Sept. 3 is opening day for most Nebraska schools.

The University of Nebraska Teacher Placement office had predicted a bigger teacher shortage than ever in the state this fall. The agency said there had been more calls for teachers and fewer candidates for jobs this year than at any previous time.

Few Lincoln Vacancies

Lincoln has all the high school positions filled, but still needs four or five new elementary teachers to fill vacancies.

Nebraska News

Repayment Bill For Mirage Flats District Signed

WASHINGTON (AP) — President Eisenhower Wednesday signed a bill authorizing an amended repayment contract with the Mirage Flats Irrigation District in Nebraska.

The bill permits application of accumulated credits, amounting to $12,642, to reduction of delinquent construction charge payments. It also provides that final payment due under the contract can be spread over a two-year period.

The original repayment contract with the district called upon water users to pay about $846,000 over a 38-year period.

Skokan Appointed Knox Supervisor; Succeeds Forsyth

CENTER, Neb.—Dean Skokan of Niobrara has been elected a Knox County supervisor to succeed the late John D. Forsyth.

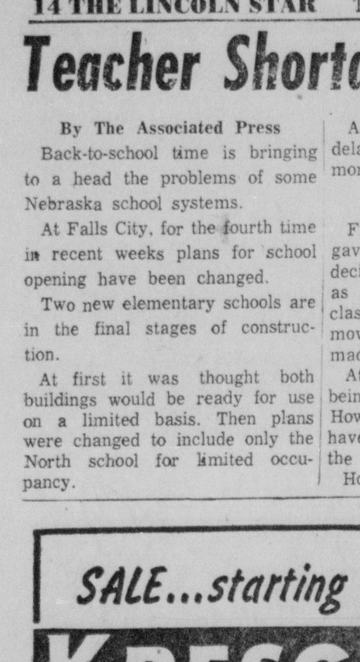

The board now has seven members, but has not yet elected a permanent chairman. Alva Hult of Wausa is acting chairman.

Market Lack Delays Oil Well Action

. . . Near McCook

McCOOK, Neb. (AP)—There is oil on Wayne Poore's land, drillers say, but they can't bring it up until a market is found.

Geologists called it "a good strike" last June when the Mast Drilling Co. of Russell, Kan., found oil on the Poore farm about seven miles south of McCook.

However, company President Louis Mai said pumping has been installed because there is no market for the crude oil.

"Refineries are loaded with crude oil and several are on strike," Mai explained.

The officials said he could see no improvement in the situation until steps are taken to slow importation of oil to the United States.

Mai said the oil on the Poore farm had been tested and is good.

Do FALSE TEETH Rock, Slide or Slip?
FASTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, gooey, pasty taste or feeling. FASTEETH is alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

65 Pct. Steel Work Completed On Generating Plant

BERTRAND, Neb. (AP) — Steel work is 65 per cent complete at the Central Nebraska Public Power and Irrigation District's steam generating plant near Bertrand, General Manager George Johnson said.

The plant is expected to be in operation by May 15, 1958.

The 17 million dollar plant, financed by the Rural Electrification Administration, will produce 100,000 kowatts of electrical energy.

Concrete floors are being poured as the steel structure is completed. Work of installing the turbine is under way and the condensor is 50 per cent complete.

Young Republicans Will Hear Hruska

OMAHA (AP) — Senator Hruska (R-Neb) will speak at the Douglas County Young Republican's steak fry at Cooper's Boys Farm, Sept. 5.

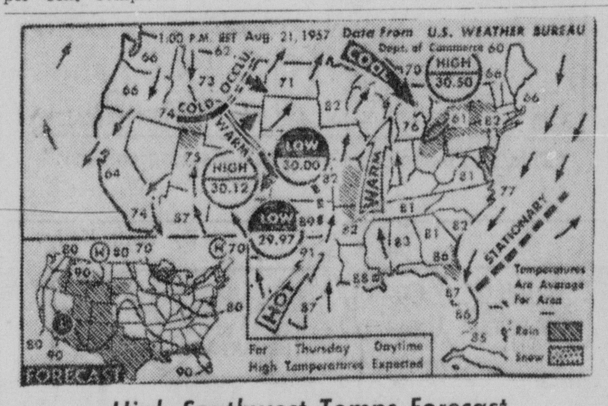

Gov. Anderson and other members of the Nebraska congressional delegation have been invited.

Upland Girl, 15, Reported Missing

HASTINGS, Neb. (AP) — Franklin County Sheriff George Jelken said Lonita Danielson, 15, daughter of Mr. and Mrs. Kenneth Danielson, Upland, Neb., is being sought.

Sheriff Jelken said the girl disappeared Saturday after driving off in the family pickup truck.

Lonnie is a blonde, five foot, four inches tall, and weighs 135 pounds.

High Southwest Temps Forecast

Clear to partly cloudy skies should prevail for most of the U.S. again Thursday except for some cloudiness in the southwest and rain over the Plains and Gulf coast states. Cool weather is expected for the Lakes region and New England, while it will continue hot in the Southwest where temperatures are expected to soar to the 100-degree mark. (AP Wirephoto Map.)

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

Patterson, Rademacher Set For 'Movie Script' Fight

By BOB MYERS

SEATTLE (AP)—Two world heavyweight boxing champions, professional Floyd Patterson and amateur Pete Rademacher, loafed away the hours Wednesday and the world itself, or at least a large part of it, awaited the outcome of as curious a title match as the old game has ever hatched.

Over the many years it has produced the exciting, the weird, the dramatic.

But never before has a challenger, in this case serious, dedicated Rademacher stepped straight from the ranks of the amateurs and the 1956 Olympic Games championship to fight the top man, the champion of the seasoned professionals.

Not even a much maligned Hollywood movie script writer would dare pose such a plot. He'd give the amateur kid at least a few pushover warmup matches.

But such will be the story Thursday night when baldish, heavy shouldered Rademacher, adopted son and current hero of the city of Columbus, Ga., and native son of this Evergreen State of Washington, steps into the ring at Sick's Stadium to meet the young champ Patterson.

Former lightheavyweight champion Tommy Loughran of Philadelphia will referee. There will be no judges. The 10-point per round scoring system will be used.

Promoter Jack Hurley stoutly maintains there will be around 25,000 present. And they will pay about $400,000 for the privilege, a record for this prosperous great northwest country.

The affair at 15 rounds—or less, and most think it will be much less—is slated to start at midnight, CST.

For the first time since before the famous Dempsey kayo over Georges Carpentier in 1921, there will be neither radio nor television.

Patterson, so much a favorite it would take a bloodhound to track down anyone even betting on the fight, will be making the second defense of the title he won when he belted out Archie Moore in Chicago last Nov. 30 in five rounds.

Just last month the 22-year-old Patterson, from New York, in his first title defense, removed Tommy "Hurricane" Jackson from the challenging echelon via a brutal TKO in 10 rounds in New York.

Just about the same evening that Patterson was taking care of Moore was taking care of Moore in Chicago, Rademacher was knocking off Russia's heavyweight pride, Lev Moukhine, in one round at Melbourne, Australia for the Olympic gold medal.

This was the peak of Rademacher's metal-studded career as an amateur in a string of 72 wins and seven losses, of which he later reversed five.

"As an amateur I couldn't go any further, except lose," says Pete. "My wife wanted me to give up boxing for good. But even before the finals at Melbourne, and then after I heard about Patterson's win over Moore, I had this dream of fighting for the professional championship."

Thanks to Pete and his imagination, thanks to Hurley, the Seattle promoter, to Cus D'Amato, Patterson's manager and his burning feud with the International Boxing Club, and last but hardly least, Pete's boosters from Columbus, Ga., the dream comes true Thursday night.

Rademacher, 28, stands 6 feet one and a half inches, and probably will weigh in at 210 pounds some 23 pounds more than Floyd.

There have been many strange heavyweight title fights, but never one quite like this one.

Champ Ready For Rademacher

Full of confidence, heavyweight champion Floyd Patterson pronounces himself ready to take on the challenge of amateur Pete Rademacher as he winds up training for the defense of his title Thursday night. With him is his manager, Gus D'Amato. (AP Wirephoto.)

CHIEFS TOP DUKES

Stu Spearheads Comeback Effort

By DON BRYANT
Sports Editor, The Star

Dick Stuart shook his goat's mantle in fine style Wednesday night to lead the Lincoln Chiefs to a 7-4 victory over Albuquerque at Sherman Field.

Lincoln's win, coupled with Amarillo's doubleheader split with Topeka Wednesday night, elevated the Chiefs to within one game of the league leaders.

Stuart

While 2,665 Elks' Nite fans sat in on the proceedings, Big Stu set the stage in the first inning for a pathetic Lincoln performance through early frames by committing a crucial and horrendous error.

His miscue—physical and mental—followed a strange beginning and Ted Dargie's double.

Dewey Williams tossed only one pitch before being relieved. He has a sore arm and will be out for the rest of the year.

Jim Duffalo was rushed to the scene and Dargie promptly doubled. Then with one out, Reneo DeBenedetti hit an easy pop to Stuart at first. But Dick dropped the ball and then let the ball lie near the bag while Reno trotted to first.

triple — when Dave Brennan

Chuck Coles followed with a missed a shoestring stab—and then tallied on a sacrifice fly to make it 3-0.

Lincoln couldn't do a thing with Duke pitcher Harry Gilbert during the first six innings, getting only two singles. And the Chiefs were having all kinds of trouble throwing and running—often resembling the Keystone Cops.

When Duffalo got in a jam in the third and was tagged for a run, Ron Sheetz came out of the bullpen to start the Chiefs on their uphill climb.

Ron was nicked for only one hit in five and two-thirds innings and as he got stronger, his mates began to generate some enthusiasm for their work.

Sheetz managed a single—only the second off Gilbert—in the sixth, but he died on first.

Angered at himself and the fans—who cheered him lustily when he caught a popup in the top of the seventh—Stuart took personal charge when the Chiefs came to bat.

Sam Miley doubled to lead off the Lincoln seventh and Big Stu came through with a slicing home run — No. 25 at Lincoln and 39 for the year — over the right field wall to narrow the gap to 4-2.

Hope stirred anew in the hearts of the BPOE Night boosters and Chiefs. In the eighth, Lincoln erupted with sudden and unforeseen violence.

Singles by pinchhitter Reg Grenald and Jack Wilson, followed by Brennan's double made it 4-3 and spelled doom for Gilbert, who was to draw his 11th loss despite pitching a fine game.

Al Osorio came in to issue an intentional walk to Miley, electing to pitch to Stuart. But on the three-two pitch, Dick drilled a hot single into left field to put the home club in front, 5-4. He had atoned for his sins, but he wasn't quite ready to call it quits.

With Miley on third and Stu on second — via an outfield boot — Stan Malec laid down a sacrifice bunt to drive in Miley and advance Stu to third. And when Duke first-sacker Fred Bartels juggled the ball after the putout on Miley, Stuart tossed caution to the wind and steamed across the plate with the final Lincoln tally.

All that remained was for Don Williams to follow Sheetz' relief masterpiece with a nifty mop-up in the ninth.

Smoke Signals . . . Dewey had two abscessed teeth pulled in Amarillo and it was thought his arm troubles might be over. But the soreness remains and he's apparently sidelined for '57.

The Chiefs, bat boys, Manager Shepard, GM Dick Wagner, Mrs. Shepard and Mrs. Wagner were honored with gifts in pre-game ceremonies by Lincoln Lodge No. 80 of the Elks. Exalted Ruler Max Pennington presented billfolds to the Chiefs . . . Duke Ted Bell made a great play on Bill Onuska's grounder in the fifth to rob the Lincoln catcher of a hit.

Jackie Price will be at Sherman Field Friday night and Labor Nite will be August 27th . . . Jack Lamabe (10-5) will pitch against the Dukes in the second game of the series tonight. Richie Jack, 6-9 veteran, will flip for the Dukes. The Dukes got only five hits off the four Lincoln pitchers . . . Gilbert has looked great against the Chiefs this year, but has only an 0-4 record to show for it.

Holdrege Romps, 21-5

HOLDREGE, Neb. (AP) — Grand Island pitchers gave up 15 walks and the club made nine errors as Holdrege swamped the Athletics 21-5 in the Nebraska State League Wednesday night.

The loss dropped Grand Island out of a first place tie with Lexington.

Holdrege made 13 hits and scored seven runs in the fifth.

Ready For 1957, Hoping It's Like '56

Bobby Grim, shown here at the wheel of the Hector Honore Offenhauser with Honore, is hoping the 1957 Nebraska State Fair auto races will result in a repeat of his 1956 performance. Bobby won all three feature events last year in the black Honore "City of Roses" Offy, and currently tops the International Motor Contest Association driver point standings.

Grim Seeks Repeat Of 1956 Feat

Auto race fans who were spectators at big car auto racing at the 1956 Nebraska State Fair will recall that all laurels went to one Bobby Grim of Indianapolis, Ind.

The "Rapid Robert" of the speedways won the three feature events and swept about everything else he entered.

Grim has entered State Fair competition again this year and will attempt to duplicate his feat. Barring accident or mechanical difficulty he could accomplish the task.

Early in the season, Grim took over first place in International Motor Contest Association point standings and has led all the way. Presently, he holds a 400 point edge over the second place man and is considered a sure choice for a third I.M.C.A. championship.

He was champion in 1955 and 1956 and has been runnerup on several occasions. He first entered I.M.C.A. competition in 1950 and has placed among the top 10 drivers every year.

While Grim is a teriffic chauffeur, the car he pilots has much to do with his success. The black "City of Roses" Offenhauser has a 270 cubic inch displacement making it one of the most powerful on dirt tracks.

Builder of the racing masterpiece is Hector Honore, a mechanic from Pana, Ill. Although Grim was victorious in most of the races he entered in 1956, Honore rebuilt the machine for the 1957 campaign and added fuel injection. The car is covered with a hand-tooled body.

Two prominent Des Moines, Iowa, drivers have also entered competition for the three afternoons of big car auto racing at the Fair.

Johnnie Knox will be at the helm of his Cadillac racer and Marty Brightman will take the wheel of his Oldsmobile car Sunday, Monday and Thursday, Sept. 1, 2, and 5.

Buzz Barton of Tampa, Fla., the third place driver in point standings, previously entered.

Omahan 2nd In National Shoot

VANDALIA, Ohio (AP)—Herb Bush, 47-year-old diesel mechanic from Canton, Ill., Wednesday won the North American Clay target championship in a five-way shoot-off at the 58th Grand American trapshoot.

Bush and four others tied at 200 straight to lead a field of 945 in the 16-yard classic and the Illinois hotshot then broke 50 more to take the title.

A. F. Billings of Omaha, Neb., and Frank S. Gardner of Springfield, Ill., broke 49 of the extra 50 but a flip of the coin gave second place to Billings.

Only games scheduled.

Lightweight King Held To Standoff

CHICAGO (AP) — World lightweight champion Joe Brown grabbed an unheralded tiger by the tail Wednesday night and was held to a draw by 4-1 underdog Joey Lopes in a non-title 10-round thriller at Chicago Stadium.

Lopes, 29, of Sacramento, Calif., the No. 10 lightweight contender, offered bristling resistance all the way to the apparently overconfident Brown. Lopes gained a favoring vote from one judge and a draw ballot from the referee and the other judge.

Brown, 31, seeking his 11th straight victory, blew a big chance in the seventh round when he staggered Lopes with a series of wicked combinations. But Lopes fought back viciously in the final three rounds.

There were no knockdowns in the spirited, nationally-televised bout.

Judge Harold Marovitz voted for Lopes, 49-45. Referee Joe White called it a 46-46 draw and Judge Frank McAdams saw it even, 47-47.

Brown, rangy New Orleans scrapper, boxed through the early stages of the fight as if he was just biding his time for the kill.

When he lambasted Lopes in the seventh, it appeared he had an easy knockout within grasp.

But after the champ glazed Lopes' eyes with a whistling left-right combination, he failed to follow up.

Lopes, his right eye cut and bleeding during the barrage, fought back desperately. He even belted Brown with a good right to the jaw after the bell ended the round. Brown laughed after the blow and strode confidently to his corner.

After the first four rounds, Brown seemed to sense it was more than just a gym workout. Lopes had peppered him consistently with stinging lefts and gamely met him blow for blow when Brown opened up.

LCC Juniors Advance To Second Round

Tracy Donovan, Bob Lau, Steve Miller and Ricky Cross picked up first round victories and advanced to the semifinals in the Lincoln Country Club junior boys golf tournament Wednesday.

Today's pairings see Donovan meeting Lau and Miller taking on Cross. There was play in four different flights Wednesday. Results:

Championship Flight
Tracy Donovan def. Bill Harder, 3 and 2; Bob Lau def. Bill Wright, 1 up on 10; Steve Miller def. Tom Pansing, 5 and 4; Ricky Gross def. Mike Winterhalter, 2 up.

Second Flight
Dale Farser def. Mark Seacrest, 2 up; Tom Tinsman def. Mike Sayre 2 up; Charles Flansburg won by default; Scott Mowbray def. John Kenagy, 1 up.

Future Champion Flight
Jerry Hunt def. Joe Carroll, 3 and 1.

Midget Flight
Johnny Hoppe def. Mike Stevens, 3 and 1; Jeff Sayre def. Fred Hoppe, 2 and 1.

Cunningham Relinquishes Game Job

Bill Cunningham chief game enforcement officer for southeastern Nebraska and one of the witnesses in the so-called Robertson quail case, confirmed Wednesday he is leaving his Game Commission position.

A 17-year employe of the commission, Cunningham said he had been considering the move "for some time."

"I had a desire to get into private employment instead of governmental," he added. He said he plans to remain in Lincoln.

State Game Commission Director Melvin O. Steen said he had received a resignation letter from Cunningham, effective Sept. 30.

Steen said the resignation was "a voluntary act" and had no connection with the Robertson case.

A Legislative Committee earlier this year formally investigated a case in which Game Commission Member Donald E. Robertson of North Platte had been charged with shooting a quail from a highway only to have the charges subsequently withdrawn.

Cunningham's testimony figured in the hearing.

In its report, the Legislative Committee said there was not sufficient evidence to prove ill feeling on the part of Cunningham against members of the Commission.

The committee also directed that there be no reprisals against any employes as a result of the Robertson Case.

The committee said it had been unable to determine conclusively whether Robertson was guilty of shooting from the highway or not, but said Steen was not justified in ordering the charge against Robertson withdrawn.

Cunningham formerly was chief enforcement officer for the Commission. In 1955, the Commission changed to a district organization, the chief enforcement post was abolished and Cunningham was made enforcement officer for district five.

Six Nominated—

Ak-Sar-Ben Handicap Race Feature

By BOB McCOY
Star Sports Staff Writer

The 1957 Ak-Sar-Ben Handicap, carrying a purse of $1,500, heads the list of races at the State Fairgrounds today.

Six horses have been nominated for the run, including the favored and top-weighted Illinois Boy, Irish Villon, Taos Cross, Scomber, Mor-Snoozey and Banker Bill. The race will be run over the long mile and 70 yards distance.

Illinois Boy will be seeking his second straight big purse victory of the 1957 Fairgrounds meeting in the race. He won over the same distance last Saturday to cop the Scotts Bluff County Agricultural Society purse.

Ed Luther's Kay Ellen, with Jockey Boyd Morris up, won the heavy end of the $1000 Atokad Purse, the six-and-one-half furlong featured eighth race Wednesday.

The three-year-old filley beat Flashing Chic by two lengths for the top money. Kay Ellen led from the gate.

Quiz Bang edged Linger Lady for third money in the race which honors Atokad Park, the northeast Nebraska track which opens Sept. 19.

Wednesday's payoff pattern saw three horses taking their second wins of the 1957 meeting returning the highest prices to the bettors.

Mor Ruth, now a two-time winner during the meeting, paid $23.20 to win in the fifth and Maxdream and Sky Rings returned $15.00 and $28.40 in the sixth and ninth races, respectively.

Sir Tim, in the first, and Hat's Fiddle combined for a short $16.20 daily double.

Wednesday's total mutuel handle reached $179,351 as compared with last yeaar's mark of $186,307 for the ninth racing day.

Along with the Ak-Sar-Ben Handicap today, the seventh, an allowance race for three-year-olds and upward carrying a $900 purse, promises to be a dandy.

Jockey Standings

Darkys Reward	113	Camstar *108
Flashy Groom	117	Jana G. 110
Savita's Gal	110	Hi Angel 113

Also—Eddie Blue, Kashfinder, John S., Junes Gal.

*Apprentice allowance.

METRO LOOP IN WORKS?

Is the proposed Metropolitan Conference—a high school athletic group involving Lincoln and Omaha schools—now a reality?

The Star learned from a reliable source Wednesday that principals of the Lincoln and Omaha high schools met in Omaha Wednesday.

A news release is expected on the proposed conference Sunday, but The Star learned that the school men had planned Wednesday for a conference spring spring sports schedule in 1958 but no league football schedule before 1960. Earlier reports indicated this procedure would be followed.

Emil Frank, Colin Winners At Hillcrest

Emil Frank fired the low gross, a one-over par 73, and Bob Colin won in a draw for the featured most of a kind event to highlight action in a guest stag at Hillcrest Country Club Wednesday.

Colin won the draw from Bill Murrell and Joe Dworak after the three had tied for the most fives, which amounted to the most of a kind. Winners:

Low gross—Emil Frank, 73; most consistent nines—tie among Ken Olinger, Jack McCuistion, Walt Madden, Dr. Fred Davie, Bob Mallory, Larry Lundee, Dr. Tom Dworak; second most fives—tie among John Overgaard, Jerry Overgaard, Rev. Cross, Harold Dietmeyer, Dick Cubbison, Terry Rohrbaugh, Lou Hufman.

Closest pin No. 16—Bob Porritt; closest No. 8—Atlee Stephan; closest No. 12—Gary Caplan; longest drive No. 9—Bob Reynolds; long drive No. 10—Glen King.

Most sixes—tie among Roy Kirson, Dr. K. T. McGinnis, Howard Hanson, Dr. Duane Hunt and Dr. R. P. Marshall; most fives—Bill Murrell, Joe Dworak, Bob Colin; most fours—Emil Frank, John Herrod; most of a kind—Bob Colin.

Chicago Enjoys Two Big Innings

CHICAGO (AP) — The Chicago White Sox batted around twice in two innings, including a seven-run third in which six runs were unearned, for a 12-6 victory over the Washington Senators Wednesday.

In an abrupt turnabout from a no-hitter Tuesday night against the Senators by Chicago's Bob Keegan, both clubs made it a free-hitting contest Wednesday.

The Senators jumped to a 3-0 lead in the first three innings, but the Sox wrapped up four hits and two errors for seven runs in the bottom of the third to hang the defeat on Russ Kemmerer, first of four Senator hurlers.

The winner was Gerry Staley, last of three Sox tossers.

The Pale Hose also batted around in a four-run sixth inning.

Staley took over in a two-run Washington fourth inning, after Jim Derrington, 17-year-old bonus left-hander, was chased in the third and replaced by Bill Fischer.

Derrington was racked for a second inning homer by Bob Usher and a third-inning circuit clout by Roy Sievers, his 32nd, which tied him with Mickey Mantle of the Yankees for the league lead.

In the big Sox inning, catcher Sherm Lollar hit safely twice, leading off with a single and slamming a one-run single his second time around.

Athletics Tumble Yankees

KANSAS CITY (AP)—Kansas City, favorite doormat of the New York Yankees, tripped the world champions for the second straight time Wednesday night as Jack Urban pitched the Athletics to a 6-3 victory, with help from Virgil Trucks.

The A's, whose pitchers had hurled 19 scoreless innings and shut out the Yankees 1-0 last night, jumped on Johnny Kucks and reliefer Art Ditmar for five runs in the first four innings and were never headed.

Yogi Berra walked and came home on singles by Bill Skowron and Harry Simpson to break the A's scoreless skein at 22 innings in the fourth. Simpson hit a solo homer in the sixth to make the score 5-2.

Trucks came on in the ninth after the Yankees put men on second and third with no one out. Tony Kubek walked to lead off and Lumpe doubled him to third. Trucks got Joe Collins, batting for Cicotte, on a foul pop and Hank Bauer flied to Held with Kubek scoring after the catch. Then he struck out Gil McDougald to end the game.

Tourney Rained Out

SCOTTSBLUFF (AP)—The opening-round games in the American Legion four-state sectional baseball tournament here Wednesday night were postponed by rain.

GRETA ANDERSON

Anderson Is Winner In Channel Race

DOVER, England (INS)—Shapely and stout-hearted Greta Anderson, of Denmark and Long Beach, Calif., stepped ashore at Folkestone Wednesday, victor in the gruelling English Channel international swimming race.

Greta's time on her first crack at the channel was 13 hours, 33 minutes, one hour and 11 minutes more than the woman's record held by Brenda Fisher of Britain, another competitor in the France-to-England swimming race.

The 30-year-old Danish girl, now married to a California physical education teacher, John Sonichsen, won a gold medal in the 1948 Olympic games. She has captured numerous prizes in endurance racing. Wednesday's victory gave her the Butlin Cup and a cash prize of $1400.

Twenty-four swimmers were on hand at Cap Gris Nez for the start of the race. Several of them either did not get started or had to drop out in the first hour or two.

Sioux City Soos Maul Pueblo 10-3

SIOUX CITY, Ia. (AP)—Backing up Sherman Jones' six-hit pitching with a 13-hit attack, Sioux City mauled Pueblo 10-3 Wednesday night to level the season series between the clubs at 10 victories apiece.

Red Sox Defeat Cleveland 3-1

CLEVELAND (AP) — Ted Williams went hitless again Wednesday night against Cleveland Indian pitching, but teammate Jim Piersall homered for the second straight night to give the Boston Red Sox a 3-1 victory.

Williams, who had been clobbering Indian pitchers at a .532 clip until this series, went 0-for-4 Wednesday night. His batting average dropped another five points to .385. He grounded out twice and fanned twice, once against starter and loser Mike Garcia and once against reliefer Dick Tomanek.

Piersall's two-run homer, his 12th of the season, came in the third inning off Garcia, who got his eighth loss in 14 decisions. It scored pitcher Willard Nixon, who had singled.

The final Boston run was scored in the ninth, when Jack Jensen and Ted Lepcio hit consecutive doubles off Tomanek.

Nixon scraped through to his 10th victory against eight losses, but needed help from Ike Delock in the eighth inning.

Delock came on after Al Smith had singled and Nixon walked Gene Woodling for the third time. Vic Wertz forced Woodling, but when Billy Klaus threw wild to first trying for a double play, Smith scored. Delock then got Roger Maris on a fly ball and fanned Bob Avila to end the threat.

Topeka, Sox Split; Hawk Ace Wins 20th

TOPEKA (AP) — The Western League's top moundsmen — Topeka's John Stadnicki and Amarillo's Hugh Blanton — took turns posting victories Wednesday as the Hawks and the Gold Sox split a doubleheader here.

Stadnicki advanced his record to 20-5, becoming the league's first twenty-game winner since 1954, by taking the opener 3-1. Blanton made his record 18-5 by winning the nightcap, 7-4.

Norris Wants Bout To Go On

NEW YORK (AP) — International Boxing Club President Jim Norris said Wednesday he would do anything within his power to resurrect the Sept. 23 middleweight title fight between champion Sugar Ray Robinson and Carmen Basilio, but he wouldn't knuckle down to Robinson's demands concerning theater television.

Robinson, who abruptly called the fight off Tuesday, said he had appealed to Gov. Averell Harriman to protect his rights in the matter.

"I have telephoned the governor and asked for a conference," Robinson said.

"This now deals with human rights, and I think the governor, who is interested in human rights, should know about it. I don't want the New York Athletic Commission or anybody else depriving me of what I deserve."

The champion did not say what action he thought Gov. Harriman might take, but he insisted he was not trying to put pressure on the athletic commission. The governor was on a trip to Western New York.

The commission has summoned all parties concerned to a special meeting next Monday at 11:30 a.m., EDT, to look into the whole affair.

Norris, apparently somewhat bewildered by the unexpected turn of events, said he would agree to almost anything short of Robinson's demand that the closed circuit theater TV program should be stead of Theater Network Television Inc.

"I'd like to have this fight. I bent over backwards to give Robinson everything he asked before. I thought it was very important to have this fight as a prestige thing for our organization," Norris said.

Robinson, claiming Norris had violated a contract which stipulated no television agreement could be made without his consent, told Norris Tuesday he would not fight unless Teleprompter received the theater TV contract.

He disclosed that Teleprompter had guaranteed him $250,000 as his 45 per cent cut of the TV receipts and had guaranteed 400,000 theater seats would be made available. Theater Network Television had guaranteed only 250,000 seats, but President Nate Halpern said Wednesday he had signed up two more theaters to bring the total to 413,500 seats.

Norris said he couldn't agree to Robinson's demand because (1) Robinson had no right to make a deal without consulting the IBC and Basilio (2) the IBC already had a contract with TNT and (3) it would be impossible for Teleprompter to arrange theater television for 400,000 seats in the four weeks remaining before the fight was scheduled to take place.

Cards Smashed By Giants, 13-6

NEW YORK (AP) — The New York Giants dropped St. Louis 6½ games behind league-leading Milwaukee Wednesday as they pounded five pitchers for 13 hits and defeated the Cardinals 13-6. The loss also reduced the Cardinals' lead over third-place Brooklyn to one percentage point.

Two rousing innings—a 6-run third and a 4-run fifth—gave the Giants more than enough to win what probably was the last game ever to be played by these two teams at the Polo Grounds.

Mike McCormick, 18-year-old bonus lefthander, who took over the Giant pitching chores in the first inning, after starter Stu Miller had been able to retire only one of the five batters he faced, went the rest of the way for the victory. It was his third without a defeat.

McCormick also figured prominently in the Giant attack, driving in three runs with two hits and a sacrifice fly. In addition, he started two double plays. His single in the third drove in the fifth and sixth runs of the inning. His sacrifice fly accounted for the fourth run in the fifth, highlighted by Valmy Thomas' bases-loaded triple.

Lindy McDaniel, the Cards' $50,000 bonus pitcher, was charged with the defeat. He was bombed out in the third and suffered his eighth defeat against 10 victories.

Six home runs were hit in the game, four by Cardinals. Stan Musial, who had two hits and a sacrifice fly in three times at bat, boosting his league-leading average to .342, walloped his 29th home run in the first.

Wally Moon, who had three of the Cards' 10 hits, rapped his 18th homer, Ken Boyer hit his 15th and Eddie Miksis his first. Willie Mays and Hank Sauer were the Giant homer hitters, Mays getting his 27th and Sauer his 20th.

Newk Shuts Out Cincy On 5 Hits

BROOKLYN (AP)—Don Newcombe, making his first start since he was sidelined with a sore arm 10 days ago, hurled a five-hit shutout as the Brooklyn Dodgers completed a sweep of the three-game series from Cincinnati Wednesday, 8-0. It was the ninth straight defeat upon the fast-fading Redlegs.

Newcombe, pushing his season's record to 10-10, was aided by an 11-hit attack against four pitchers. Gil Hodges and Junior Gilliam collected three hits apiece, but the most telling blow was a three-run homer by Gino Cimoli in the third inning that started the Dodgers to victory.

Newcombe, who hadn't won since July 12 when he defeated Cincinnati, struck out six and walked one. It was his fourth shutout and 15th for the Brooklyn staff.

It was Newcombe who ignited the Dodgers' three-run spree in the third. He singled with two out, advanced on a walk to Gilliam and came home with the first run when Cimoli lined his 10th homer into the upper left field seats.

Game Commission Reports 40 Arrests

Forty new arrests reported Tuesday by the State Game Commission brought the year's total to 221, only 18 short of the number of arrests made during the comparable period last year.

The new arrests reports:

Fishing Without Permission on Private Land (trespassing): Edward E. Hikes, Lincoln and Don Harwood, Lincoln, both fined $25.

Drinking Alcoholic Beverage on State Property: Lothar E. Fuerstenau, Hastings; Erich G. Newger, Omaha; Paul A. Neiswanger, Lincoln; Jess E. Worley, Lincoln Air Force Base; Christiana M. Grabowski, Omaha, and Martha Grabowski, Omaha. All were fined $10 and costs.

Running Stop Sign on State Area: Dean A. Webb, Central City and William H. Ceder, Central City. Both fined $1 and costs.

Fishing With Too Many Lines: Fred Gilbert, Colby, Kan.; Milo Way, Superior; Roger Yager, Beloit, Kan.; Carl E. Ryan, Colby, Kan., and Walter Dolge, North Platte. All except Dolge drew $10 fines and costs. Dolge drew a $5 fine.

Taking Fish by Means Other Than Hook and Line: James Schmidt, Tekamah, $25 and costs; Steven Bates, Elk Creek, $20 and costs; Ronald Yates, Tecumseh, $20 and costs; Ervin Epley, Elk Creek, $20 and costs; Clarence D. Taylor, Tecumseh, $20 and costs; Virgil F. Elstermeier, Marquette, $10 and costs plus $5 liquidated damage.

Over Bag Limit of Catfish: Robert T. Addelman, Kimball, $10 and costs plus $10 liquidated damages.

Falsely Stateing Legal Residence to Obtain Resident Permit: Clifford T. Wood, Council Bluffs, Ia., $10 and costs.

Non-Resident Fishing on Resident Permit: Richard L. Jenkins, El Segundo, Calif., $10 and costs.

Fishing Without a Permit: John C. Travis, Grand Island; Bolivar W. Maupin, White Wall, Ill.; Charles C. Irwin, Sioux City, Ia.; Martin E. Ettel, El Cajon, Calif.; all received $10 fines plus costs. Elmer R. Cherry, $20 and costs; Lester Roland, Fairbury, Francis Roland, Fairbury; and Glenn R. George, York, all received $15 fines plus costs.

Receiving fines of $5 and costs were Marlene Jorgensen, Gothenburg; Richard L. Goos, Taylor; Henry Winkler, O'Neill; Charles H. Hikes, Lincoln; Herbert J. Swanson, Arcadia, Colo.; Dewey C. Alexander, St. Louis, Mo.; Leonard L. Galuan, Broadwater and Vincent A. Skinner, Gordon.

Speed Attempt Try Postponed

BONNEVILLE SALT FLATS, Ueth (AP)—An assault on the measured mile speed record by an experimental British auto was postponed for 24 hours Wednesday because of the weather.

Officials said the salt bels of Western Utah were covered by rain from a storm during the night. They said they hoped to make the run Thursday morning—provided wind and sun dried the course sufficiently.

The run was scheduled in a streamlined MG auto designated as the EX-181, with the famed British racing driver Stirling Moss at the wheel.

The Newspaper by mail will keep you informed while on vacation. Your carrier collects regular home delivery rate when you return.

Norfolk Hosts Labor Day Tourney

NORFOLK—The dates for the annual Norfolk amateur Labor Day golf tournament have been announced as Aug. 31-Sept. 2.

The tournament will include 224 players. The chaimpionship flight will be played over 54 holes.

Qualifying deadline for Norfolk players is Friday, Aug. 30 but out-of-town players may qualify up until 6:30 p.m. Saturday, Aug. 31.

The entry fee is $8.50. Over $1,000 in prizes will be awarded, pro Eddie Axtell has announced. Further details may be obtained by writing Axtell at the Norfolk Country Club.

Needs 8-Man Game

STERLING — Sterling High School is seeking an eight-man football game Oct. 11, preferably at Sterling.

SOCIAL SECURITY AID GOES TO 27,000 IN NEBRASKA

Nebraskans receiving Social Security assistance from federal, state and county funds during July totaled 27,000, the State Division of Public Welfare reported.

The total is slightly above the number in July of 1956.

Included are more recipients of aid to the blind. The number in that category increased by more than 100 over the number of cases a year ago. The average cost per case dropped slightly to $74.07.

The number of active old age assistance cases, 16,989, and the total spent in that category declined slightly, while the average cost per case increased slightly to $61.05.

Payments for aid to dependent children, at an average cost of $101.98 per family case, increased both as to number of families and as to number of children.

Aid to the disabled, which averaged $65.67 this July, went to a larger number of persons than last July.

Ruling Clarifies Limit On Levy

A 10-year limit on a county tax levy to build or repair a jail or courthouse applies to a period of 10 consecutive years, not to 10 levies spread out over a longer time, according to the Nebraska attorney general.

Buffalo County Atty. Kenneth S. Gotobed of Kearney asked for the ruling, which was prepared by Asst. Atty. Gen. Cecil S. Brubaker.

The reference is to a state law permitting a county with no bonded indebtedness to levy—on action of the county board alone—a tax of up to 1.5 mills per year to provide funds for jail or courthouse construction or site.

2 Nebraskans Aid Wheat Survey

SIDNEY, Neb. (AP) — Two Nebraskans have been named to a special survey committee which, this fall, would attempt to gauge the wheat-selling potential in 10 European nations.

Bruns

Carl Bruns, Chappell, president of the Nebraska Wheat Growers Association, and Earl Lester, Edison, will represent Nebraska on the five-man survey team. Lester is a member of the Nebraska Wheat Commission.

Other members of the pulse-taking unit are Dr. John Shellenberger, of Kansas State College, and Walter Graber, administrator of the Kansas Wheat Commission, and Art Cummings, of the U.S. Department of Agriculture's foreign agricultural service division.

Foreign Mission

It is the aim of the survey team to visit in West Germany, Belgium, the Netherlands, Finland, Austria, Greece, Italy, Switzerland, France and the United Kingdom, hoping to discover to what degree these nations can buy hard red winter wheat, grown in the United States.

At a meeting of the directors of the state wheat growers this week in Ogallala, Bruns brought out that a survey team also will be sent to Latin America on an identical mission.

One of the spots the survey members will visit will be Cologne, Germany, where, in early October, samples of wheat grown all over the world will be displayed.

One of the men entrusted with the job of putting up the great plains hard red winter wheat display is Les Sheffield, executive to the Nebraska Wheat Commission.

At the Ogallala meeting, Sheffield revealed that 33 bushels of Cheyenne and Nebred varieties of wheat sent for testing purposes to Italian laboratories has had "very promising" results.

In 1956, a group of Italians visited Nebraska, hoping to find a wheat which could be used in spaghetti and macaroni manufacture.

Bruns said that more Italian flour technicians are going to be in the state the end of October. But they will probably not visit any farms, Bruns commented, going instead to the places where wheat flour is converted into food products.

No decision was reached at the Ogallala session on whether the growers should go on record as favoring a change from acreage to bushel allotments in a national wheat program. Both sides of the issue were talked.

One thing which did get determined was the location of the grower's 1957 state convention. It will be held in Ogallala, sometime early in December.

–FOREIGN AID–

Ike 'Firm' On Need For Funds

WASHINGTON (AP) — President Eisenhower said Wednesday he is "very firm" in urging the Senate to vote him all the foreign aid he has asked. Sen. Lyndon Johnson (D-Tex) said the Senate's decision will depend "on the evidence, and not on the cry of wolf."

Eisenhower told his news conference that in discussing the House cut of 809 million dollars in new aid money, "I would like to be very firm." He said he takes this position because:

"I honestly believe that we are here sacrificing the tool that means more to our leadership in holding together the voluntary federation that must combat Communism in the world than any other thing."

Closed Session

Johnson, the Senate Democratic leader, emerged later from a closed session at which the Senate Appropriations Committee was discussing the aid program and told newsmen:

"Senators cannot discharge their responsibility on the basis of unsupported assertions. The thing we must get is how the money is being spent and why the administration must have more than the House provided."

Meanwhile, the committee delayed, probably until next Monday, a meeting to draft its version of the appropriations bill.

To Study Figures

Chairman Hayden (D-Ariz) told reporters some members of the committee want to study figures submitted at the final hearing Wednesday and that copies of the transcript won't be available before Friday.

The House last week voted $2,524,760,000 in new aid money, compared with Eisenhower's request for $3,367,000,000. It also reappropriated $667,050,000, which was about 50 million more than Eisenhower had asked.

Johnson said he will support some increase in the amount voted by the House. He expressed confidence the final Senate figure will be completely adequate but said the amount could only be fixed after hearing all the evidence.

Sen. Thye (R-Minn) said supporters of the aid program will try to win committee approval of at least three billions in new funds. He conceded the committee was closely divided on whether to boost the House figures.

Arthur J. Denney Reappointed To Industrial Court

Arthur J. Denney of Fairbury, has been reappointed to the Court of Industrial Relations for a six-year term which will expire June 9, 1963, Gov. Victor Anderson announced Wednesday.

Other members of the Court are: Varro E. Tyler of Nebraska City and Earl J. Moyer of Madison.

The court is composed of three judges, appointed by the governor with the advice and consent of the Legislature.

The judges are appointed on the basis of their experience and knowledge in legal, financial, labor and industrial matters, and not because they are representatives of either capital or labor.

Commenting on the appointment, Gov. Anderson paid tribute to all judges of the court, stating that although they had been called upon few times, their services had resulted in satisfactory settlements, without losses due to strike.

MRS. WILSON JOINS WESLEYAN FACULTY

Mrs. Naomi J. Wilson will join the Nebraska Wesleyan University staff this fall as assistant professor of education.

A graduate of Chadron College, she also holds a Masters Degree in elementary education from the University of Minnesota.

She is a native of Tekamah, Neb.

Students Borrow Record Amount From NU Fund

The $131,489 total which the University of Nebraska student loan committee approved in loans to 775 students during the fiscal year whcih ended June 30 set a record.

The total was 31.7 per cent above the amount for the previous year.

Donations made over a period of years furnish about $240,000 available for loans.

May Become Inadequate

The fund may soon be inadequate if the demand for loans continues to grow, according to W. C. Harper, University Services director.

Harper believes the increasing number of married student applicants accounts for some of the increase in the average size of loans.

Last year the average loan was for $148, or $28 more than in the preceding year.

Men student applicants outnumber women almost 20 to one. Only about one applicant in 10 fails to meet requirements for approval of a loan, Harper said.

The interest charge is 2 per cent while the borrower is in school and 4 per cent after he no longer is a student.

Most loans are repaid promptly, Harper said, and losses run less than 1 per cent.

'I'll Get Shots As Soon As Ordinary People'—Ike

WASHINGTON (AP) — President Eisenhower said Wednesday he'll get vaccinated against Asiatic flu as soon as vaccine is available for "ordinarly people like I am." The public health service later proclaimed him eligible for a prompt inoculation.

Eisenhower was asked at his news conference if he had any plans to get vaccinated against the flu virus which threatens to reach epidemic proportions in this country later in the year.

"I am going to take it just as soon as ordinary people like I am can get it," he replied. "Now that is when I will take it."

Surgeon General Leroy E. Burney of the Public Health Service said he "very definitely" believes the President should get one of the shots promptly. He said Eisenhower surely would have a vaccine priority, given to those needed to maintain essential public services.

Burney said he and Eisenhower's physician, Maj. Gen. Howard M. Snyder, discussed the situation during the day and "agreed completely that the President should have vaccine protection promptly to guard against any incapacity due to an influenza attack or other infections which sometimes develop as an aftermath of influenza."

The surgeon general indicated Eisenhower would be vaccinated within the next 10 days. He did this by noting that Eisenhower plans a vacation at Newport, R.I., where, he said, "there have been some outbreaks of Asian influenza among naval personnel."

★ ★ ★

2 CHILDREN REACT SEVERELY TO FLU SHOTS

NEW YORK (AP) — Two Brooklyn children suffered severe reactions from injections of Asiatic flu vaccine, the city health department reported Wednesday.

Acting Health Commissioner Dr. Roscoe P. Kandle described the effects as general illness, fever, soreness and swelling of the arm. The children were not identified, nor were their ages given.

It was the first report of adverse reaction suffered by anyone receiving the vaccine.

Worse For Children

Dr. Kandle said children suffer more severe reactions to influenza vaccine than adults.

"Such reactions in children do not indicate any fault in the vaccine, nor does it mean that the child 'caught flu' from the vaccine," he said. He said deciding whether or not a child should receive a flu inoculation should be left to the child's personal physician.

Dr. Kandle added that the vaccine, produced from killed virus, should be administered with caution to persons hypersensitive to egg protein. The influenza vaccine, he said, is produced in fertilized eggs and results in the introduction of antibodies in the blood stream to combat the flu virus.

Curtis Takes Hoffa To Task For Unionizing Efforts Here

WASHINGTON (AP)—Sen. Curtis (R-Neb) Wednesday took midwest teamsters boss James R. Hoffa to task for what Curtis said were teamsters union efforts to force many small Nebraska trucking concerns to unionize against workers' will.

Hoffa replied that the union-organized truckers working in Nebraska have been pleading with the teamsters to organize non-union operators to make them pay equal wages.

Curtis said a man named Tom Coffee, a former Nebraska state senator, has been forced to sell a $30,000 trucking business because he refused to give the teamsters union a labor contract and his deliveries in Omaha were shut off by the union.

The senator said a man named Joe Bridge had written union-organized truck operators in Nebraska and surrounding areas telling them not to do business with the non-union truck firms. Hoffa said Bridge was a trucking industry representative, with offices in Chicago.

Hoffa said the situation in Nebraska is that union-organized firms are hard-pressed to compete with non-union trucking firms paying lower, non-union wage rates.

Hoffa read portions from what he said was a letter to the teamsters union from Alvin Brown, president of the Small Carriers Assn. of Nebraska, asking the teamsters to step up organizing non-union truck firms in Nebraska.

Brown, according to Hoffa, complained "bitterly to the union" that non-union firms were undermining operations of unionized truck firms. Hoffa said Brown, in the letter, also complained that chamber of commerce efforts "against organized labor" were hurting the truck operators with union contracts.

Holdrege Mill Levy Takes Slight Drop

HOLDREGE, Neb. (AP) — The 1957-58 ordinance adopted by the City Council calls for funds in the amount of $82,140 necessary to be raised by taxation for operation of city during the fiscal year. This represents a reduction of a few dollars over last year.

Mill levy requirements to raise the tax money needed, was set at 10.55 mills, which is 1.24 mills lower than last years levy of 11.79 based on the valuation of $7,785,045, which is $753,150 higher than the valuation figure of last year.

DELAPLANE'S POSTCARD

The most important news I have run into recently is the return of the raccoon coat and the player piano.

This shows the current generation is coming to its senses. I cannot think of two items that were more practical. The only piano lessons I ever took were on a piano roll of the "Wabash Blues."

I just put my feet on the pedals and played it right off —without even looking at the music. Perfectly.

The raccoon coat was the doggiest outfit known to fashion. And dog-like, it tended to shed. It left a lasting impression wherever you visited. You were long remembered when the carpet sweeper started to clog up.

Well, scarcely a dolly is off to college these days without a raccoon coat. And the house is not a home without a player piano.

This opens an interesting vista. And I could shoot the person who threw away my old striped blazer and my straw hat. What, pray tell, has been done with my corduroy pants with the 28-inch cuffs.

No question we must go back to the attic in order to keep up with the times. I have restrung my mandolin. I am still pretty fair on "Mexicali Rose." I think I could sit down at the player piano and rap out "Oh, By Jingo" just as well as ever.

The eyesight is not as good as it was in my salad days. But the footwork is still there.

I imagine the younger generation wants to keep these things authentic. And if wastrels had not cleaned out my closet, I could show them a thing or two.

I wore a raccoon coat and a hat with the brim turned up in front.

On rainy days we wore slickers with funny sayings: "You're the cat's pajamas." "You tell 'em cabbage, you got the head."

Our pants were an exact 28 inches at the bottom and had a two-inch cuff. We wore bow ties that measured six inches across. They were ready-made and were on an elastic. It was considered quite brisk to pull these out at times and let them snap back against your Adam's apple.

(McNaught Syndicate, Inc.)

STOCK MART CONTINUES RECOVERY

NEW YORK (AP) — The stock market's recovery from the big break of Monday continued Wednesday but volume dwindled.

The market followed through on Tuesday's comeback with a steady advance which carried into the afternoon. Then short-term traders began to take profits. Some of the best gains were trimmed or cancelled by the close.

While the general performance was described by brokers as a technical one, ample play was given individual stocks and groups to respond to specific news items affecting them.

The aircrafts were up early in the session on combined reports of the Syrian crisis and the fovements of the Sixth Fleet in the Mediterranean. Much of their gains melted later as the Navy estimated it would save 90 million dollars of spending this fiscal year because of scaledown warplane program.

Turnover fell off to 1,720,000 shares compared with 2,700,000 Wednesday.

The Associated Press average of 60 stocks rose 50 cents to $177.20 with the industrials up 60 cents, the rails down 10 cents and the utilities up 40 cents.

Of 1,124 issues traded, gains outnumbered losses by the ample margin of 591 to 291. There were 47 new lows for 1957 and only two new highs.

Prices were mixed on the American Stock Exchange, volume totaled 650,000 shares compared with 870,000 Tuesday.

BOND MARKET

NEW YORK (AP)—U.S. government bonds scored their best gains in more than a month Wednesday in fairly active trading.

Corporate bonds were irregularly higher, with convertible debentures and high grade issues in demand.

The treasury's 40-year 3s were bid up 18-32 at 88 8-32, and the 30-year 3 1-4s up 18-32 at 93 8-32. The victory 2 1-2s of December, 1972-67 closed at 87 14-32 bid, up 16-32.

Dealers said they noted a definite improvement in the government bond market. They attributed this in part to the quick sellout of a new 90-million dollar issue of 5¼ per cent debentures of Pacific Telephone & Telegraph Co. In addition, they pointed to the recent statement by federal reserve board chairman Martin that interest rates may be about to level out.

CATTLE MARKET HOLDS STEADY

OMAHA (AP) — Light receipts headed off further breaks in Omaha fat cattle prices Wednesday. The market generally held steady, some spots firm. Butcher hogs were 25 to instances 50 higher. Fat lambs were steady, top on natives 50 higher.

OMAHA

Hogs: Salable Wednesday 4,800; barrows, gilts and sows 25-50 higher; mixed lots U.S. No. 1, 2 and 3 190-250 lbs. barrows and gilts 20.50-21.00, mostly 20.75 and above; around 250 head mostly No. 1 and 2 200-230 lb. butchers 21.10-21.25; mixed No. 1-3 170-190 lbs. 19.00-20.50; mixed grade sows 400-550 lbs. 17.50-20.00; few lots under 300 lbs. 20.15-20.25.

Cattle: Salable 5,500; calves 100; receipts moderate for Wednesday; fed steers and fed heifers generally steady to strong; market rather selective; cows fully steady; bulls steady to strong; vealers and killing calves scarce, steady; stockers and feeders in limited supply, unchanged; several loads borderline choice to prime steers 26.25-26.50; prime load held around 27.75; majority choice steers 24.25-26.00; good to low choice 21.50-24.00; two loads high choice and prime heifers 25.25; two other loads choice to prime 25.00; most choice heifers 23.00-24.50; good to low choice 20.00-22.50; utility and commercial cows 13.00-15.50; canners and cutters 11.50-12.75.

Sheep: Salable 2,200; spring slaughter lambs mostly steady, some 50 higher; other classes unchanged; load choice to prime native slaughter lambs 23.75; most good and choice spring lambs 22.00-23.25; deck good and choice shorn lambs No. 2 pelts 22.75; cull to good slaughter ewes 4.50-7.50.

CHICAGO

Active demand on light receipts reversed the week's earlier downtrend on hog prices, with sales generally 25 to 50 cents higher than Tuesday in the Chicago market.

Salable arrivals numbered 6,000—about 75 per cent of estimates—and shippers bought about 2,000. The butcher top was $21.15, only 10 cents under Monday, for one lot of No. 1 but

City Employes' Holiday Set

City employes will take a late afternoon holiday Thursday for their annual picnic celebration at Pioneers Park, sponsored by the City Employes Assn.

Starting with games and ending with the Chiefs baseball game against Albuquerque at Sherman Field, the afternoon and evening schedule will attract several hundred city employes and their families, representing every city department.

Mayor Bennett S. Martin will award a 45-year service pin to Harry Miner, city water and light department employe, and a 40-year pin to Public Works Director D. L. Erickson.

Other city employes who will receive service pins at the Thursday ceremonies:

35 Years' Service

Eva Pierce, engineer.
Gale Harris, water and light.
George Jacobs, water and light.

30 Years' Service

Eugene Masters, police.
Glenn Suiker, park.
Robert L. Wheeler, treasurer.
Edwin Walentine, water and light.

25 Years' Service

William Zinsmaster, fire.
George Green, water and light.
Archie Horton, paving repair.
Andrew Bomberger, street.

20 Years' Service

William Duffy, fire.
Sam Hesser, fire.
Harold Martin, fire.
Robert Perrine, fire.
Howard Neel, fire.
Edward Spadt, fire.
Floyd Ueberrhein, fire.
E. A. Vorhees, building inspection.

Arthur O. Horn, fire.
Lester Jensen, health.
William Kemkes, fire.
Dalton Marcelle, police.
Frederick Mayer, engineer.
Agnes K. Shestak, personnel.

Humane Society Drive Receives Mayor's Approval

Mayor Bennett Martin has expressed approval of the Humane Society membership drive to gain funds, which will begin city-wide Thursday.

Martin, stating he had received many letters and calls during the recent discussion of the proposed licensing of cats, said he hopes those who favor the work of the Society will show their interest during the coming drive.

Co-chairmen for the Humane Society ticket drive to obtain $3 memberships are Wayne Packard and Mrs. Standley Haight.

Fire At Market Damages Goods

A fire which erupted in the rear of the Country Side Market, 26th and Cornhusker Highway, caused considerable damage early Wednesday evening to grocery merchandise stored in two vacant truck bodies.

Apparently ignited by ashes blown from a nearby trash fire, the blaze started in one of the truck bodies and was burning brightly before firemen arrived.

Smoke and water damage to the merchandise was heavy.

MEADE SAYS LATE BOXER'S STATEMENT VERIFIES MAE WEST ARTICLE

LOS ANGELES (AP) — Defendant Fred Meade testified Wednesday at the Confidential libel trial that the late Negro boxer Chalki Wright gave him a statement "that detailed the year he spent living in the apartment with Mae West."

Meade also testified a bandleaderer named Daniel Terry gave him the story of a tryst in the Lake Tahoe woods with singer Dorothy Dandridge.

Meade and his wife, Marjorie, are on trial along with Confidential and Whisper magazines on charges of conspiring to commit criminal libel and publish lewd and obscene matter. The Meades, the prosecution contends, gathered material in filmland with their organization, Hollywood Research Inc.

Defense Attorney Arthur Crowley asked Meade if he and his wife checked information for the Confidential story, "Mae West's open-door policy."

"Yes," Meade replied.

"I went to see Chalky Wright and got a signed statement that detailed the year he spent living in the apartment with Mae West," Meade declared.

Meade said Wright was paid $200 for the information.

Meade also testified that he took a signed statement from Daniel Terry that he was the principal male subject in the Confidential article, "Only the birds and bees saw what Dorothy Dandridge did in the woods."

Both the West and Dandridge stories were introduced in evidence by the prosecution as what it claimed were examples of libelous and obscene stories.

Much of the West article was devoted to favors allegedly bestowed on ex-featherweight champion Wright during the period he was employed as her chauffeur.

(At Miss West's home in Santa Monica her sister, Beverly said Mae was out of town for the day. Then she added, "The story is ridiculous. Why do people say things like that?")

Miss Dandridge had sued Confidential for libel and won a $10,000 settlement.

At the morning session the defnse was thwarted in a try to get testimony from a Georgia state legislator, John D. Odom.

Candidate For Office

Odom, a freelance writer from Kingsland, Ga., and a candidate for lieutenant governor, has been here since Monday ready to tell about articles he has written for Confidential.

He was asked by defense attorney Crowley if he had written the article, "What happened 24 hours after Hal March asked the $64,000 question that nobody could answer?"

No sooner had Odom replied "yes" than prosecutor William Ritzi objected because the article had not been read to the jury. The court sustained the objection and Odom was excused.

The defense called Odom to try to show that Confidential fulfilled a public need in publishing stories on persons or subjects about which the magazine felt the public had a false impression.

"I thought it was unfair that I wasn't allowed to testify that I write only public service articles," Odom protested to reporters.

"My political opponents in Georgia will make capital of this."

Heated Denials

HOLLYWOOD (INS- — French film star Corinne Calvet and handsome singer John Carroll indignantly denied Wednesday that racy Confidential magazine stories about their love lives were true.

Both issued their heated denials out of court.

Miss Calvet seethed that a Confidential story about her married life with actors John Bromfield and Jeff Stone was "absolutely untrue" and indicated she would be happy to testify at the trial "even if it means some embarrassment."

Carroll declared:

"I've always been a romanticist, not an exhibitionist. I don't drink or smoke.....my mother didn't raise me that way."

Only 2 Definite Asiatic Flu Cases In Douglas County

OMAHA (AP)—Only two definite cases of Asiatic flu have been reported so far in Douglas County. Dr. Matilda S. McIntire said Wednesday.

Dr. McIntire, director of the Health Department's division of communicable disease control, said: "Since the disease appears to be caused by a new strain of virus, it seems likely that a large portion of the population is susceptible."

The public health committee of the State Medical Assn. will meet in Lincoln Aug. 31 to determine specific plans for Nebraska in dealing with the disease.

WESLEYAN RECEIVES GRANT OF $1,500

Nebraska Wesleyan University has received an unrestricted grant of $1,500 from the Texas Co. President Vance D. Rogers said this is the third straight year that Wesleyan has shared in the firm's aid to education program.

NOTICE OF HEARING ON SCHOOL DISTRICT PETITIONS

Notice is hereby given that a public hearing will be held in the office of the Lancaster County Superintendent of Schools, County Court House, Lincoln, Nebraska, at 10:00 a.m. on Saturday, August 31, 1957, on petitions to dissolve School District No. 49, Lancaster County, Nebraska, and attach its territory to School Districts No. 144 and 156, Lancaster County, Nebraska, and to School District No. 18, Saline County, Nebraska, as follows:

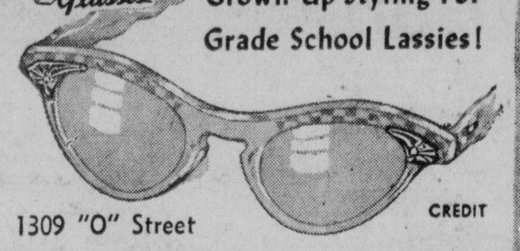

To School District No. 144, Lancaster County, Nebraska: The W½ of Section 7, the SE¼ of Section 7, the S½ of the NW¼ of Section 8, the S½ of the NE¼ of Section 8, the S½ of Section 8, all in Township 8, Range 5; and the E½ of section 1, Township 8, Range 4.

To School District No. 156, Lancaster County, Nebraska: All of Sections 17 and 18, Township 8, Range 5; and the SE¼ of Section 24, Township 8, Range 4.

To School District No. 18, Saline County, Nebraska: The W½ of Section 1, all of Sections 12 and 13, the N½ of Section 24 and the railroad right of way in the N½ of Section 24, three acres (more or less) north of the railroad right of way and the north half of the railroad right of way abutting thereto and a plot consisting of 24 acres south of the railroad right of way and the south half of the railroad right of way abutting thereto all in the NW¼ of the SW¼ of Section 24, all in Township 8, Range 4.

The petitions for the dissolution of School District No. 49, Lancaster County, Nebraska, come under the provisions of Section 79-402 Revised Statutes of Nebraska R. S. Supp. 1955.
